SHUT TO JAPS;
ROOSEVELT MADCalifornia House Declares the
Japanese Cannot Attend the
Public Schools.MEASURE OFFENSIVE,
ASSERTS ROOSEVELTAnd He Calls on Governor of
California to Kill It—Roosevelt
Says Law Is Unconstitutional
and Should Be Fought
in Courts.

Sacramento, Cal., February 4.—With the defeat in the lower house today of the anti-Japanese measures, followed by the unexpected passage of a third bill segregating Japanese school children in separate schools along with Chinese, Koreans and other Asiatics, regarded as the most offensive measure of all, President Roosevelt has again taken a hand in the anti-Japanese legislation that for the last week has drawn international attention to California.

Kill It, Says Roosevelt.

Hardly had the bill been passed by the assembly before Governor Gillett received the following message from the president:

"Washington, February 4, 1939.—I, N. Gillett, Governor of California: Your kind letter just received. What is the rumor that the California legislature has passed a bill excluding the Japanese children from the public schools? This is the most offensive bill of all, and in my judgment is clearly unconstitutional and we should at once have to test it in the courts. Can it be stopped in the legislature or by veto?"

THEODORE ROOSEVELT.

The governor at once sent a reply, the nature of which he declined at this time to make public, and he requested from the president an immediate answer. Pending the receipt of another telegram from President Roosevelt, Governor Gillett declined tonight to discuss the action of the assembly today.

Segregation of Jap Children.

The bill passed today, which was one of three anti-Japanese measures introduced by Assemblyman Grover L. Johnson, places the Japanese in the same classification with other Asiatics and knows the word "Japanese" in the present state statute providing for the segregation in separate schools of Mongolian children.

By this action the lower house of the California legislature has taken the step which the board of education of San Francisco intended to take two years ago, but which was abandoned after the board and former Mayor Eugene Schmitz were called to Washington and had several conferences with President Roosevelt.

At that time it was contended by the Japanese that they were not Mongolians and they resented the efforts to place them in the same class with the Chinese, Koreans and other Asiatic races. The question was also raised whether, under the law, the segregation of Japanese school children could be enforced in the absence of specific mention of the word "Japanese."

Upon the return of the delegation from Washington, the San Francisco school board contended itself with the adoption of a rule limiting the age of pupils that would be permitted to attend the lower grades of the public schools, one of the principal objections to the Japanese being that adults were attending the primary grades and in daily association with white children of tender years.

Passage Unexpected.

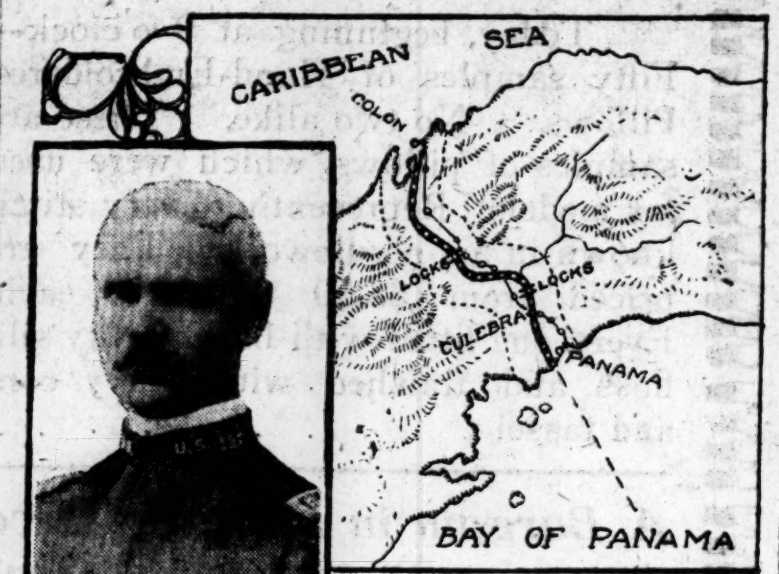

Unexpected was the passage of the Japanese school segregation bill today. After the defeat yesterday of Drew's anti-Asian land bill, which was generally believed to foreshadow the rejection of all of the measures aimed at the Japanese, the defeat today of two more anti-Japanese bills, added to the surprise occasioned by the vote on the school segregation bill.

Immediately upon learning of the assembly's action, Governor Gillett called into conference Speaker Philip Stanton and the republican leaders of both houses of the legislature. The latter expressed the hope of still being able to defeat the measure in the assembly upon reconsideration, and it was with this in view that Assemblyman Walter Leeds, of Los Angeles, after a roll call, changed his vote from "no" to "yes" and gave notice that he would move to reconsider the vote of 46 to 28, by which the bill was passed.

It will require 41 votes to carry Mr. Leeds' motion. In the event it is adopted, it is freely predicted tonight that one of the fiercest battles ever waged

HEAD OF PANAMA CANAL WORK
AND MAP OF NEW SHIP CHANNEL

About the best news received from Panama in many a day was contained in the dispatches relative to Colonel Goethals' interview with William H. Taft at Culebra, in which the army engineer was quoted as saying that the ships would be passing through the canal by January 1, 1915. On the day of this interview the first ship steamed out of La Boda channel, a new cut opened as an outlet to the canal on the Pacific side. The vessel was the Newport of the Pacific Mail line, and the event was celebrated with considerable ceremony at Panama. This map shows the course of the channel from the southern terminus of the canal.

9 COTTON GRADES
HAVE BEEN FIXED
OFF COOPER JURYBy the Experts Appointed
by the Government.The Experts Recommend That
the Standard of the Different
Grades as Adopted by
Them Be Made Official.

Washington, February 4.—Recommendation that the standard of the different grades of cotton as fixed by them be adopted as the official classification of the government, the committee of expert cotton classifiers designated by the secretary of agriculture to assist him in establishing a standard, have made their report to the latter. The committee has made up types representative of the nine different grades to be designated middling fair, strict good middling, good middling, strict middling, middling, strict low middling, low middling, strict good ordinary and good ordinary to be the official standard.

The recommendation is made that in view of the confusion that might arise in case the standards were promulgated at once, that they should not go into effect until September 1, 1940. It is also recommended that efforts should be made to secure the cooperation of foreign exchanges in connection with the standards. The further recommendation is that Congress enact legislation penalizing anyone tampering with the standards, which are to be kept locked up at the department of agriculture. Secretary Wilson still has the report of the committee under advisement.

Confined to United States.

The belief was expressed that as the result of an examination of the standards of this and foreign countries the least confusion would arise to the cotton business by adopting a classification of cotton that was acceptable to all foreign consumers, but owing to the action of Congress the committee found it necessary to confine itself to stated names in use in this country. The standards finally recommended are those in use in the preparation of the standards, and are the standards accepted in commercial practice between this country and Europe. The characteristics recognized in the estimates of the grades are those generally used in the trade at the present time.

Government Supervision.

It was the expressed wish of the committee that the government should at all times maintain the strictest supervision of the preparation of the standards, and that the standards prepared should be safeguarded in every way by legislation to prevent their being handled or tampered with. It was strongly urged that steps immediately be taken to secure the concurrence of foreign exchanges in these standards, and owing to the fact that on the exchanges in America transactions are being made in contracts, practically every day's business throughout the greater part of the cotton belt, and are the standards accepted in commercial practice between this country and Europe. The characteristics recognized in the estimates of the grades are those generally used in the trade at the present time.

MINE LEADERS BICKER.

Turmoil Continues to Mark the
General Convention.

Indianapolis, Ind., February 4.—All efforts of the United Mine Workers of the United States and Canada to forward the business of the assembly by excluding from its proceedings controversy of persons nature between factional leaders, seems futile. The day was one of turmoil and bickering.

President Lewis this afternoon charged Delegate Peter Quinn, of Illinois, with having practically called him a liar. The particular matter under discussion was the administration of the strike in Alabama.

Samuel Gompers' name was brought into the discussion of the cause of the failure of the Alabama strike, and he was charged with having opposed the miners in the interest of the state authorities. This was in line with many allegations that the union leaders had played politics.

WHITWORTH GOES
OFF COOPER JURYJudge Hart Holds Juror
Had Shown Bias.The Experts Recommend That
the Standard of the Different
Grades as Adopted by
Them Be Made Official.

Nashville, Tenn., February 4.—When court opened this morning for the purpose of drawing a new venire for the trial of Colonel Duncan B. Cooper, Robert J. Cooper and John D. Sharp for the murder of former Senator E. W. Carmack, Judge Hart said:

"There have been intimations in the press that the jury list has been tampered with. I wish to say that the jury box from which the names are drawn is in the custody of Circuit Clerk Lewis Hart. The names in it were placed there two years ago. It remains sealed and is controlled by Hart, who is Carmack's campaign manager. I make this statement in justice to every one concerned."

Judge Hart Moved.

Judge Hart seemed to feel very deeply the insinuation that there was an effort made to get men on the panel friendly to the defendants. Very few, if any, in the room had heard of such a charge, which was sent to the judge in the form of a clipping from an out-of-town paper. The court then drew the new venire and sent for Juror Whitworth. The latter was asked to explain his remark that he was against Governor Patterson.

"I said I was against him because of his abuse of the pardoning power and in turning criminals loose," Judge Anderson, of the defense, cross-examined the juror.

Whitworth Dismissed.

The court then briefly reviewed the charge. He held that the claim that the juror had said that the defendants should be hanged was controverted. On the second charge, that he had said that Governor Patterson had a hand in the killing, the judge held that the juror did not deny it specifically enough.

"Therefore," the court concluded, "I deem it best to excuse Mr. Whitworth from the jury."

The state objected strenuously, and declared that the court's action would discredit and disgrace Whitworth. Judge Hart refused to say that there was no ground for such a statement. The state continued to fight the decision, and in lengthy speeches sought to change it, without avail.

Court then adjourned until Monday at 9 a. m., when the effort to secure two more jurors will be resumed.

MASON KICK ON LETTING
TAFT IN 'ON SIGHT'Probable That Many Southern
Lodges Will Take Action
on Special Dispensation.

Houston, Texas, February 4.—The Masonic chapter at Wortham, Texas, late last night adopted strong resolutions condemning the action of the grand master of Ohio, in granting a special dispensation in the case of President-elect Taft, permitting him to become a Mason "at sight" February 18, at Columbus, Ohio. It is expected that other Texas lodges and in other sections of the south will take similar action.

The resolutions declare the dispensation violator Masonic customs, and should be opposed by every true Mason. The resolutions will be forwarded to the grand high priest.

Railroad Commission.

Montgomery, Ala., February 4.—(Special.)—In sessions beginning Wednesday the state board of assessment has tentatively fixed the assessment of many of the railroad lines of the state. However, because of the absence of Treasurer Reed, nothing definite was decided upon. Mr. Reed was in Oak to get details of the cotton compress rate cases before the intrate commerce commission.

WIDOW AND LOVER
VIEWED CORPSEOf the Husband Who Was
Done to Death.Unusual Application of "Third
Degree" Caused Collapse of
Mrs. Wilhelm and Sica in
Morgue—Wilhelm Had
Three Living Wives.

Newark, N. J., February 4.—There were sensational developments today in the case of Frank Wilhelm, the contractor, who was found murdered in his home here Monday, though the actual clearing up of the mystery that surrounds the tragedy has not yet come. The revelations included the charge that Wilhelm had three wives living, and that he had never been divorced.

Another occurrence of interest was the action of the police in suddenly bringing Mrs. Mary J. Wilhelm and Nicholas Sica, her alleged lover, and a boarder in the Wilhelm home, both held in connection with the murder, into the presence of the body of the murdered man.

Mrs. Wilhelm and her alleged lover were taken to the morgue at midnight and suddenly confronted by the corpse of the slain husband.

Woman Became Hysterical.

When the sheet which covered her husband's body was suddenly removed, she became hysterical, fell to her knees and frantically declared her love for her husband. As her hysteria increased, Mrs. Wilhelm became incoherent, and the detectives who were watching her and listening could make nothing of what she said. When she was taken back to the police station again she was in a state of utter collapse.

Sica, to was much shaken by the ordeal, he made no statement. Mrs. Wilhelm, and Sica, however, were in such state of collapse that their arraignment in court had to be postponed.

Wilhelm's Other Wives.

The allegation regarding the domestic life of the murdered man came during the progress of the funeral of Wilhelm. Mrs. Fredericka Wilhelm, of 227 East Eighty-third street, New York, claimed she was married to Wilhelm in Jersey City in 1884, soon after he had deserted his first wife, Hannah Wilhelm, who was also his stepmother. Two years later, she said, she discovered his adultery.

When she accused him he deserted her, she alleged, and he married a daughter and a baby soon to be born, and fled with his step-sister wife. Since then she had not heard from him until the child, then unborn, and now a lad, the boy, was born. She then met a newspaper Tuesday and recognized his picture in the paper as that of the man whose picture in their home he had been told was his father.

Fainted Across Coffin.

Mrs. Fredericka Wilhelm does not know what became of Hannah Wilhelm, the first wife of Wilhelm, who is in jail, held in connection with the murder.

Mrs. Fredericka Wilhelm and her sister, Mrs. Maria Amater, New York, fainted at Wilhelm's bier today, while the funeral was in progress and when, as they declared, they identified the dead man as the husband of Fredericka Wilhelm.

The last named fell dramatically across the coffin in a complete state of collapse, while her sister slipped to the floor in a faint.

IN YOUR DOTAGE,
SAID LIVINGSTONGeorgia Colonel Lands on
Hepburn of Iowa.House Convulsed With Laughter
by a Colloquy Between
Livingston and Hepburn, in
Which Former Bore Off the
Honors.

Washington, February 4.—While the house was today considering the agricultural appropriation bill, there was a sharp exchange of words between Mr. Hepburn, of Iowa, and Mr. Livingston, of Georgia, two of the oldest members of the house. A colloquy over a minor amendment between Mr. Livingston and Mr. Scott, of Kansas, was carried on in such a low tone of voice that Mr. Hepburn protested that he could not hear, and that they both were out of order.

"I am very much obliged to the gentleman," replied Mr. Livingston, amid an uproar of laughter, "but he certainly is getting in his dotage."

The chair admonished the members that they must observe the rules of debate, and address the chair.

Mr. Hepburn again got the floor. "The gentleman from Georgia, in his amiability, has suggested that I am in my dotage," he said, "and yet, his evidence of that was that I could not hear his waddings. But the moment the chair addressed the house, in loud voice, the gentleman at once said, 'I cannot hear.' I submit the question of dotage to the membership."

Although plainly vexed at first, Mr. Hepburn smiled as he sat down, the house, in the meantime, being convulsed with laughter.

GREAT INTEREST SHOWN
IN NAPOLEONIC RELIC

Photo by Wesley Hirschburg. A
The Above is a Reproduction of the Death Mask of Napoleon Now Owned
by Captain W. G. Raoul, of Atlanta.

Following the publication in The Constitution and the morning press throughout the country that he is in possession of the bronze cast from the death mask of Napoleon, which was presented to the city of New Orleans by Dr. Antommarchi, Captain W. G. Raoul was yesterday morning besieged with telegrams and telephone calls asking for information about this interesting relic. Newspapers throughout the country showed the liveliest interest in the discovery of this long-sought cast, while Atlantans were anxious to learn all about it and to get a look at this reproduction of the face of the great French emperor as it appeared immediately after his death. The cast bears the following inscription on the front of the head: "Le Dr. Antommarchi a la ville de la Nolle Orleans, Novbre, 1834." On the right side of the cast, below the head line, appears, "Dr. F. Antommarchi." On the left side of the cast, below the head line, "Fondu par L. Richard et Quenepin, Paris." On the pedestal, in front of the cast, "Napoleon emp. rom. souscription. Dr. Antommarchi, 1833." It will be noted that in the inscription the spelling of the name of the physician varies.

HUNT CONTINUES
FOR BAD NEGROESPittsburg Is Resolved to
Stop Assaults on Women.Husky White Men Go About
Dressed as Women in Order
to Trap Negroes—Much
Animosity Is Being Manifested
by Negroes.

Pittsburg, Pa., February 4.—The situation in the Herron Hill district, where over 130 negroes have been arrested during the past couple of days, following the many attacks on young white girls in that section of the city, is quiet tonight, but a double force of police and plain clothes men are still on duty, as there is a strong undercurrent of racial feeling that needs but a slight excuse to make it break forth in a violent form. The authorities believe that in Mack McGee, a negro arrested in the raid Tuesday night, they have the man who has been terrorizing the Herron Hill district.

Negro Identified.

McGee was identified today as the negro running away from the scene of the most recent assault, and Miss Ida O'Neil, the victim of the attack, gave a description of the cap worn by her assailant, which fits the headgear of the cap worn by McGee. However, the police are continuing the search for unemployed negroes, and occasional arrests are still being made.

Judge John D. Shafer today sentenced William Martin, colored, to serve five years in the Western penitentiary, the limit of the law on a charge of assault and battery, with intent to commit a more serious crime, on Mrs. Mary Shafer, several weeks ago.

Deceys for Negroes.

The authorities have sent out decoys in the troubled section in an effort to catch negroes who have been molesting white women. Young men, dressed as women, and armed with black-jacks, walk through the district, hoping to have the guilty negroes accost or attack them.

The police were informed tonight of an attack on a girl in the Lawrenceville district about 2 miles from the Herron Hill section. Margaret Blossing, aged 18 years, declares a negro came to the house where she was employed late today and when refused the keys to the automobile garage, choked and beat her. She was not seriously injured, and the police have been unable to capture her assailant.

SON USED TO CONVICT
FATHER OF MURDERBut the Jury Found Holmes
Not Guilty of Killing
His Wife.

Chicago, February 4.—Charles E. Holmes, charged with wife murder, against whom the most amazing testimony was given by his 12-year-old son, was declared not guilty by a jury in Judge Brennan's court today. The boy told of awakening suddenly at night and seeing his father choking Mrs. Holmes. Holmes swore his wife died suddenly of apoplexy, and that, instead of choking her, he was endeavoring to steady her when the attack came on.

Tried to Kill Conductor.

Albany, Ga., February 4.—(Special.)—A report from Arlington states that a white convict from Bibb county serving in the camp of the State Lumber Company, made a murderous attack upon J. E. Popple, conductor of the company's log train. The convict, whose name is Esell, tried to choke Popple's head with a hand saw, but the blow was caught on Popple's arm, which was almost severed from the body. Esell, though Popple had reported him to be whipped, was taken to the hospital.

Next Wednesday Afternoon
at 3:30 O'Clock So Citizens

Change of Ward Lines.

The special council committee appointed by the mayor to redistrict the city into new wards has gotten into a mighty tangle, and, after four hours of talk yesterday afternoon, decided to hold a public meeting next Wednesday afternoon at 3:30 o'clock, so all citizens who desire to do so can be heard from.

The committee also wrestled with the Oakland City proposition, and, after agreeing upon what should be given the town for annexation, postponed final action until the people of Oakland City can be further heard from.

City Engineer Clayton submitted a map dividing the city into ten wards, with Oakland City and Bonnie Brae as an eleventh ward, if the suburban town is annexed. He said his map was only given as a basis for the committee to work upon, and just as soon as the boundaries were read the committee proceeded to tear the basis into smithereens.

An Honest Medicine

A BLESSING TO ANY COMMUNITY

HON. M. H. P. WILLIAMS, JR.

"Whoever relieves aches and pains and cures the sick is a friend to humanity, and an honest medicine deserves praise. As prevention is better than cure, and a cold is the beginning of a great number of diseases, so a good cough remedy is a blessing to any community," says Hon. Mason H. P. Williams, Jr., of Frankfort, Ky., in a letter to the Chamberlain Medicine Company.

Reliable Cough Remedy

He further says: "You have my hearty endorsement in placing before the public an honest cough remedy, one which can safely be used by young and old and can be relied upon to do just what is claimed for it. I wish you abundant success. Chamberlain's Cough Remedy has many friends here."

This medicine makes friends wherever it goes, and when once used in a home nothing can be found which will quite take its place.

Chamberlain's Cough Remedy

The tendency of medical science is towards preventive measures. It is easier to prevent than to cure. This is especially true of pulmonary diseases. Pneumonia, bronchitis, chronic catarrh and consumption are all diseases that have their beginning in a cold, and which in most cases could have been cured. Chamberlain's Cough Remedy is famous for its cures of colds, and all danger from these diseases may be avoided if it is properly used.

The above endorsement of this remedy is only one out of many thousands of similar letters received by the manufacturers of this remedy. All over the country in every home where it has been used it has proved itself to be a blessing.

It is as good for a child as an adult, as it contains absolutely nothing injurious, and for coughs, colds, croup and whooping cough, it has no equal. Price 25 cents, large size 50 cents.

In Hands of Receiver.

New York, February 4.—Judge Holt, in the United States court, today appointed Alfred G. Case receiver of the Warp Twisting-In-Machine Company, of Millbrook, Dutchess county, New York. An involuntary petition in bankruptcy was filed against the firm by Benjamin Adelman and others, their claims aggregating \$175,000. The liabilities and assets were not stated.

Driven to Death by Friends.

Chicago, February 4.—A letter to the police department and a small note found in a mail box have cleared up the mystery of the suicide by poison of Max Schmitt, who was found dead in a doorway. The letter read: "These people, friends of mine, have driven me to it."

TECH-GEORGIA GLEE CLUB ANOTHER FRIENDLY STEP

Two Institutions to Hold Joint Performances—One in Atlanta, Other in Athens.

A Tech-Georgia Glee Club is the suggestion of the students of the Georgia School of Technology, in a recent communication addressed to the authorities and students of the University of Georgia.

The movement means that these two institutions will, in all probability, combine glee clubs for the purpose of making money for their respective organizations and to show that there is no longer exists more than keen rivalry between the two schools.

The plan is to give performances in Atlanta and Athens, the first in Athens and later one in this city. The nucleus of the Tech club will be sent over to help out the Georgia bunch, and when the performance is given in Atlanta the same will be done by the Athens boys, with Tech as hosts.

The Georgia "Red and Black" college weekly, has taken up the Tech suggestion with a vim, and is presenting the plan to the students, who will meet this week to consider it.

In case these organizations get together along the line proposed, there is sure to be something good coming for local lovers of song and scenery, for best talent in both institutions will be in evidence.

LABOR LEADERS AROUSED

By Speech Delivered on Child Labor by Miss Gordon.

New Orleans, December 4.—A recent speech of Miss Jean Gordon, of this city, before the child labor conference in Chicago has apparently aroused labor leaders all over the country. Miss Gordon declared that she was a unionist, but that she had lost all hope of any assistance from the American Federation of Labor, as it has thwarted the plans for bettering child labor conditions in New Orleans.

In taking this declaration up, President Samuel Gompers, of the Federation of Labor, has written to former Secretary George Bunch, of the Louisiana State Federation of Labor, asking for the particulars as to the action of local labor leaders at the time of the passage of the present child labor law.

BRODE NAMED EXPERT.

He Succeeds Perkins in Matter of Cotton Seed Products.

Washington, February 4.—Julien L. Brode, of Memphis, a graduate of the University of Chicago, has been appointed an expert of the department of commerce and labor to inquire into the matter of cotton seed products. He will succeed Albert G. Perkins, of Tennessee, resigned. Mr. Brode's work will begin in the south of France, and will extend east as far as St. Petersburg.

ABDUCTION IS CHARGED.

Claimed Horner Enticed 16-Year-Old Girl From Home.

Knoxville, Tenn., February 4.—Deputy Sheriff James F. Farris, of Polk county, Nebraska, is en route from Danville, Tenn., to Osceola, Neb., with David L. Horner in custody. Horner is charged with having abducted a 16-year-old girl from Nebraska last August.

The arrest of Horner was made last Friday at White Pine, Jefferson county, Tennessee, by Sheriff G. W. Rimmer, of Jefferson county. A reward of \$200 has been handed over to Sheriff Rimmer for the arrest of Horner.

SCREWS TURNED TO GET THE STOCK

So Senators Say of Capture of Tennessee Coal.

Alleged That Evidence Shows Men Who Controlled Stock Were So Systematically Squeezed During the Panic They Had to Sell.

Washington, February 4.—The special committee of the senate committee on judiciary, which is investigating the Tennessee Coal and Iron absorption by the United States Steel Corporation, expects to meet difficulties in preparing a reply to the senate resolution providing the inquiry. Although a number of bankers who were supposed to know all about the details of the purchase of the Tennessee Company by the steel corporation have explained to the committee their participation in the transaction, nothing has been brought out which disputes President Roosevelt's contention that there was nothing proposed with which he found it incumbent upon him to interfere.

Authority of Roosevelt. The resolution calls upon the committee to report what was the president's authority for permitting the merger. Nothing has been found by the committee which seems to warrant the president in giving consent to the absorption nor anything which seems to demand that he should have forbidden the merger. Some of the members of the committee, in discussing the case informally today, suggested that it would have been wisdom for the president to advise Judge Gary and Mr. Frick to consult their lawyers instead of submitting the proposition to him.

In summing up the evidence presented, a number of members of the senate have said that it appears to them that the party of sixteen financiers who had control of the majority of the Tennessee Coal and Iron stock were systematically "squeezed" during the panic days of October, 1927. Senator Culberson has sought to show that the stocks were especially "pounded" in the "street" by people interested in the so-called Morgan banks.

No Report May Be Made.

It is possible no report whatever will be made to the senate in response to the Culberson resolution. So many legal questions are involved that it is predicted a long discussion will result from any attempt to determine whether the president had proceeded in a wrongful manner. His communication to the senate suggests that the only action taken by him was to say that he saw no reason why he should interfere to prevent the merger. This is construed variously by members of the committee, some of the democrats going so far as to say it amounted to an instruction to the attorney general not to prosecute the merger, even if it was found to be contrary to the provisions of the Sherman law.

VETO OF CENSUS BILL WILL STIR CONGRESS

There Will Likely Be Effort to Pass the Measure Over Roosevelt's Head.

Washington, February 4.—General interest was shown among congressmen today over the report that the president intends to veto the census bill on account of its provision excluding 3,000 employees of the census in this city from the classified civil service.

If this bill is vetoed it will be the most important measure he has antagonized in that way, and if congress should pass it over his veto it will be the first time such action has been taken against his wish. During the last session of congress the president vetoed a bill for the building of a dam over the Rainey river, Minnesota, on the ground that the state had no right to dispose of water-power and that such authority rested solely in the national government. After his veto had been sent to congress, an informal announcement was made that this action was the result of a misapprehension and that the president would be glad to have the measure passed, which was done by a two-thirds vote.

The sentiment in congress favoring the census bill in its present form is so extensive that it is generally believed a two-thirds vote can be obtained for it.

Dr. Mason's Death.

Montgomery, Ala., February 4.—(Special.)—The death of Dr. J. M. Mason, president of the Montgomery district of the Episcopal church, south of Opelika on Wednesday causes more than ordinary sorrow at this time, as he was beginning his third term as presiding elder. His work for the church and education has made him a leading light in the state for fifty years. His most recent activity has been in the interest of the new woman's college to be erected at Montgomery.

DECISION IS REACHED IN QUALTROUGH CASE

But the Finding of the Court-Martial Not Made Public.

Gibraltar, February 4.—The court-martial that is trying Captain Edward F. Quailrough, of the battleship Georgia, on charges preferred by Rear Admiral Walnwright that he was under the influence of intoxicants at a reception given at Tangier, reached a decision this afternoon. The outcome, however, will not be made public until the finding has been approved by Admiral Sperry, which probably will be some time before the fleet sails from Gibraltar, in two or three days.

Stephenson Lacks Four Votes. Madison, Wis., February 4.—Senator Stephenson lacked four votes of election today when the sixth joint ballot was taken. He received 62 out of 120 votes.

FAILURE OF THE FRENCH CAUSED BY MOSQUITO

It Was Pesky Insect, and Not Graft, That Blocked Panama Canal Project.

New York, February 4.—In an address before the College of Physicians and Surgeons, Dr. George Adams, of McGill university, said that it was the mosquito, and not the graft that caused the French to fail in their project to build the Panama canal. This malaria-breeding pest, he continued, was indirectly responsible for the decay of Greece and the fall of Rome. After paying a high tribute to American medical science for the work in Cuba and in Panama, he said: "Half the population of the world die from malaria, in most cases spread by the mosquito. Out of six millions who die in India, five millions die from malaria. Pathological research has led to practical means of prevention, and the death rate has greatly decreased."

He Fought With Forrest. Berkeley, Cal., February 4.—Colonel William L. Duff, a member of Forrest's cavalry during the civil war and a well-known attorney of San Francisco for the last twenty-five years, is dead at the home of his son in this city.

TO ONE LIFE RUINED HE CHARGED WORLD

He Asked for Decent Grave to Square Account, and Killed Self.

Cleveland, Ohio, February 4.—The world, debtor, in account with Edward J. Melian, creditor. "To one life ruined; to carbolic acid, 10 cents; to hell, one eternity. This account may be squared by giving me a decent grave." This is all that remains to tell of the identity of a man who died by his own hand in a lodging house here last night. The man was not of the lodging house type. His thin face was that of a man of refinement.

BASEBALL GAME AT PONCY TODAY

Ray's Team Tackles Smith's in Benefit Game.

Proceeds Go for Benefit of the Boys' Club—Every Cent Taken In Will Be Clear Profit. Should Be Good Game.

If the weather continues warm and clear through this afternoon, Atlanta will have some real baseball on tap at Ponce de Leon Park this afternoon.

The game will start at 2:30 o'clock, and a large crowd is sure to be on hand for three reasons: First, that it is going to be a good game of ball; second, because it has been four long months since there has been any kind of baseball in Atlanta; and, third, that it is for the benefit of the Boys' Club of Atlanta, a very worthy institution and one that needs the assistance of the public in every way while it is yet in its infancy.

Manager Smith, the players' on both teams and everyone who will be connected with the game have donated their services to the benefit. Manager Smith has also donated the park and the tickets, and every cent that is taken in at the gates will be net profit for the Boys' Club. The ladies' auxiliary of the club will be on hand at the doors and in the box office and will look after all the funds.

That the Rays have a good team is not doubted, and the following averages may prove of interest:

The Log Cabin Club of Macon, Ga., will play a match game of golf with the Atlanta club at East Lake links on Saturday afternoon.

The match will be for 18 holes, Nassau system of scoring.

The Macon team recently played a game with the Atlanta team on the links of the Log Cabin Club of Macon and the return match was booked for tomorrow at that time. Macon will send about a dozen men to compete in the match and they will be warmly received by the Atlanta golfers and incidentally they will be sent home with the losing end of the score, if such a thing is possible.

FAY'S BOWLERS WIN THREE STRAIGHT GAMES

The third game of the temple tournament now under way at the Atlanta Athletic Club was played last night, and resulted in a victory for Fay's team over Perry's in all three games. The former now has a percentage of 1.000 in the league standing, and Perry's has .000. The best game of the evening was rolled by Perry, who made 197 in his second game. The best individual average for the evening was made by Fay, who averaged 175-2-3 in the three games.

Borney, who was on Perry's team, rolled the first game of the match, and then hit his ankle with a ball in the second game, spraining it, and thereby putting him out of the tourney. The hurt was very painful, and Mr. Borney was hardly able to walk after the game.

The following was the detail of last night's games:

Player.	1st.	2nd.	3rd.
Perry.	139	197	123
Borney.	139	197	123

Yankey.	159	180	191
Total.	639	615	598

These games do not count in the totals.

Tonight Clarke's team will play McGinty's, and some good bowling is expected. This will also wind up the first round of the tournament.

CASTRO WILL MANAGE.

Signs Articles With Augusta for Coming Season.

Count Louis Michael Castro, the premier comedian of the Southern League, and incidentally one of the brilliant ball players that ever donned a uniform, has accepted the terms of the moguls of the Augusta South Atlantic League team, and will manage that team during the coming season.

Newt Fisher was originally signed by the owners of the team as manager, but it is said they dispensed with his services a few days ago and have secured Castro.

That the Count will be the liveliest manager in the league is not doubted in the least. He knows the game from A to Z, is full of ginger at all times, and in team, if he flags a good bunch, should be up among the running at all times. Castro knows the different players all over the country like a book, and will be sure to get some assistance from the Southern League managers, who will pass him his surplus men. Castro takes hold of his new position at once, and the fans of Atlanta wish him well.

WALTHOUR RACES BLOW TO RACING BY CLOSING

Wills Tonight

Lawson and Turville Will Ride the Motorcycles—Amateur Races Also Booked—Good Crowd Expected.

Tonight at the St. Nicholas Veleddrome at Ponce de Leon Park the second night of the bicycle races will be held, and a "stunning crowd" will probably be on hand again.

Atlanta is wild for bicycle races. That is evident by the large crowd that was present at the opening night, and the enthusiasm that marked the races, and the management of the local track have promised to bring to Atlanta the best riders in the country to compete here, every Tuesday and Friday nights.

The bill for tonight's racing will be three heats between Albert Wills, the outstanding champion, and Bobby Walthour, Atlanta's own. The first heat will be for 3 miles, the second for 5 miles and the third for 10 miles. The two riders will again be pitted by Charles Turville and Gusie Lawson, respectively.

Lawson and Turville will have a motor cycle race following the big events, and this time they are going after the motor cycle records for a twelve-lap race.

Several fast amateurs have also been booked, and these races should prove interesting, too.

The management wishes to announce that it will have some additional windows for selling tickets tonight, and the rush that was caused on the opening night will be done away with.

PREP. SCHOOL TEAMS HAVE ORGANIZED

Temporary Organization Perfected—Will Make Permanent Next Friday.

A temporary organization of the proposed prep school baseball league was perfected on Monday night, and that Atlanta will have a league of prep school teams playing baseball this spring is now practically a certainty.

This league will be made up of Marietta college, Georgia Military academy, Peachcock school, Donald Fraser and boys' high schools.

The meeting was held at the College Co-Op the other night, and representatives from all the above-named schools were present. Shelley Ivy, was elected temporary secretary, and the following committee on constitution and by-laws was appointed: Joe Bean, Felton Luck and E. E. King. Joe Bean presided at the meeting.

The next meeting of the league, at which the permanent organization will probably be perfected, will be held at the College Co-Op on February 12. The election of officers for the year will be held at this meeting, and the league gotten under way.

It will probably be decided upon to play two games a week, and every team in the league will play at least one or three times. A tentative schedule, constitution and by-laws will be presented at the meeting on the 12th.

NEW ORLEANS FIVE MAY PLAY ATLANTA A. C. TEAM

New Orleans, February 4.—Apropos of the basketball enthusiasm now being manifested in the southern states, the New Orleans Young Men's Christian Association basketball team, claiming the championship of Louisiana, is now seeking to secure games with teams in Mobile, Montgomery, Birmingham, Atlanta and Nashville.

BASKETBALL AT Y. M. C. A.

Two Games Booked for Tonight's Bill.

There will be two games of basketball tonight at the Central Young Men's Christian Association, corner of Auburn and Pryor.

The team will play Capitol Avenue; the game with Stone Mountain has been postponed until a future date. The second team will play the Georgia Military academy team, this being the second game with them; the first game being played in the gymnasium of the academy boys, at College Park, where the association won by the close score of 17 to 15.

The games will start at 8 o'clock. Admission is cents.

GEORGIA SMOTHERED DAVIDSON TEAM

Enormous Basketball Score of 100 to 12 Piled Up by Red and Black.

Athens, Ga., February 4.—(Special.)—The University of Georgia basketball team completely smothered the Davidson college team here tonight by the score of 100 to 12, incidentally making the largest score that has yet been made in a basketball game in the south this year.

Georgia's team play was wonderful, the passing accurate and swift, and the shooting of goals at times spectacular. Davidson really never had a look-in from the time the ball was first put into play. The Red and Black team was at its best, and are now confident of winning every remaining game during the season.

Papaulau Will Not Report.

Birmingham, Ala., February 4.—Papaulau, the well-known eastern pitcher, refusing to come south, Manager Milesworth, of the Birmingham club, announces that the deal for him is off. Robertsville, who pitched for Birmingham last year, will be sold to Birmingham, Ala., about March 1.

Hal Chase to Be at Macon.

San Jose, Cal., February 4.—Following the receipt of the news of his reinstatement, last night, Hal Chase said he would join the New York Americans for spring training at Mayaguez, P. R., about March 1.

ATLANTA PLAYS W. T. McDONALD MERCER NEXT

Basketball Team Goes to Macon on Saturday.

Baptists Have Stronger Line-Up—Club Team's Line-Up Not Announced—The Game Should Be Good One.

Having disposed of the Davidson college five in easy style, the Atlanta Athletic Club team is now preparing for the next out-of-town trip, which takes place tomorrow.

The team will leave at noon Saturday for Macon, Ga., where they will take on the Mercer university five. Mercer is a much stronger line-up than when they played in Atlanta, having secured the services of two additional men and experienced ones, too. With these two men in the line-up, and playing on their own floor, the Baptists should make the local club's team hurry to get away with the game.

Mercer's floor is about 50 by 30 feet, or about half the size of the club's floor, and it is said to be poorly lighted and with no out of bounds, and as Mercer is used to playing on this kind of a floor, the club men will be taken at a little disadvantage, but they are going to make the game in great style just the same.

It is not known who will make the trip and compose the team as yet, as some of the players have said they will be unable to go at this time. At any rate, the strongest line-up that the club can assemble will be taken. The probable line-up will be as follows: Doonan, forward; Hudson or Jemison, forward; Atkinson or Spencer, center; Thornton and Colquitt, guards. Something definite as to the line-up will be announced tomorrow.

At the season at the local club is drawing to a close, there will be a few more games booked. Auburn is the next opponent on the local floor, and this game should be a good one.

AT OAKLAND.

Oakland, Cal., February 4.—Fenwick led all the way, the Sargent handicap at Emeryville today, winning cleverly from Ocean View. Bubbling Water, the odds-on favorite, was not his usual self, Chatterbox, the heavy-going, prevailed. Chatterbox, a 4 to 1, chance, won the second race from Ocean View, quoted as high as 100 to 1.

Blameless, the favorite, quit after showing early speed. Mary B. Clark, a 15 to 1 shot, won the mile and a quarter race, never being headed. Summaries:

PRESIDENT BAXTER CALLS CONVENTION IN ATLANTA OF GEORGIA U. D. C.'S. MARCH 11

In response to a request from the executive board of the Georgia division of the United Daughters of the Confederacy, and from two-thirds of the chapters of the state, Miss Alice Baxter, president, has called an extra session of the Georgia division in Atlanta, March 11, for the purpose of acting upon the location of the Wirz monument.

The call is as follows: Atlanta, Ga., February 3, 1909.—To the Georgia Division U. D. C.: At the request of sixty-six chapters of the Georgia division, U. D. C., the executive board of the division calls an extra session to consider more fully the location of the Wirz monument, and, by invitation of the Atlanta chapter, your president calls this session to meet at the Atlanta assembly room of the Piedmont hotel, Thursday morning, March 11, at 9:30 o'clock. We trust that one day will give ample time for action regarding the monument, as the convention is called for no other purpose, and therefore we put the adjournment of the session at 4 o'clock in the afternoon. According to our constitution, "Each chapter is entitled to one representative for every twenty-five members, or fraction thereof, not less than seven. Any one or more delegates can cast the whole vote of the chapter." It has been recommended that one delegate cast the vote of the entire chapter at this convention. Seeking to promote general representation, the Atlanta chapter cordially invites its guests, officers of the division, standing chapters and one delegate from each chapter in the state, and to further the interest of all chapters desiring to send a full quota of delegates, our entertaining chapter has secured special rates at the Majestic hotel. The prices at the Majestic and Kimball are the same as during the general U. D. C. convention last fall. Mrs. E. G. McCabe, president of the Atlanta chapter, gives you the rate of the Majestic hotel on a slip which you will receive with your credential slip from Miss Shelby, our recording secretary. Please

fill out both credentials according to directions also the slip from Mrs. McCabe, president, and Mrs. Alfred Truitt, chairman of committee on homes, 22 Columbia avenue, Atlanta.

As president, I should be glad to have as full attendance at this convention as at our regular meetings and urge that you send at least one delegate from each chapter, even though you pay the railroad expenses of such delegates.

Railroad Rates. We have made application for reduced railroad rates and hope to secure the certificate of our Savannah convention, which holds good if 100 daughters of the Confederacy take advantage of the rate. It is not necessary to be a delegate, as the rate is open to any Georgia U. D. C. We expect tickets to be good from March 8 to 15, inclusive. The Tabernacle Bible conference, with its notable speakers, opens March 12. In lighter rain, theaters will be in full swing, while our shopping district is always in evidence. We hope our state U. D. C. will avail themselves of this railroad rate and thereby secure the 100-ticket price. Our convention hall is small, so that it is important to make early reservation at the delegates to whom you entrust the convention work, while you enjoy your friends in the city.

Important Point. The delegate question brings up an important point concerning which, as president, I venture a suggestion. Since there is much division of opinion as to location of the Wirz monument, I recommend that you give your delegate, or delegates, full counsel as to your choice, but leave them with power of discretion when they assemble in convention. Delegates will be entertained at luncheon by the Atlanta chapter the day of the session from 1 to 2:30 o'clock. After adjournment at 4 o'clock your president hopes to have delegates and their hostesses in her home for afternoon tea from 5 to 7 o'clock. The calling of an extra session is a serious matter. Now that it is done, now that the Atlanta chapter has arranged for it, I urge you to send delegates to work for the good of the division and hope they may find a little diversion as well on this one day of their journey. Remembering that the hostess chapter may know what guest to expect, and that it is also important to make early reservation at the Majestic for delegates desiring rooms. Just so soon as railroad rates are positively known each chapter will be notified. With all good wishes. Yours to command, ALICE BAXTER, President Georgia Div. U. D. C.

An Interesting Story. The call by the president of the Georgia division, United Daughters of the Confederacy, adds another chapter to a situation as dramatic in the heretofore peaceful life of the organization as the Wirz tragedy was in the times of war.

Several years ago, the Georgia daughters, busy in going patriotic work along lines not only commemorating the dead, but benefiting the living, decided to raise funds for the erection of a monument to Major Wirz, whom they believed died a martyr to the cause of the confederacy.

This monument, it was first understood, was to be erected at Andersonville, but after the money had been raised and the monument finished, an incident arose which caused the Georgia daughters their first embarrassment. A member of the inscription committee, without consultation with those in authority, and without conference of the entire committee, allowed published an inscription which had not been seen by the committee, and, accordingly, not approved by them. The inscription was of a nature not only not acceptable to the critics of other sections and the leading editors of the south, but not in accordance with the spirit and wishes of the Daughters of the Confederacy themselves.

After this incident, and subsequent events, it was decided that it would be

FOREST FIRES IN SOUTH GEORGIA

Entire Section Covered
With Thick Smoke.

Trains Stopped by Flames and
Turpentine Farms Destroyed—
Loss Will Be Exceed-
ingly Heavy.

Albany, Ga., February 4.—(Special.) The whole face of the earth in this section is covered with a thick pall of smoke this evening, the result of woods fires which cover a wide area. Reports coming into Albany today by telephone, incoming trains and parties who have driven through the county in buggies and automobiles, indicate that fires are burning everywhere.

In many places, turpentine farms have been invaded by the flames, which have led on undergrowth dried by the dryest fall and winter this season has experienced in many years, and the loss will be exceedingly heavy. The fires have been burning for several days, but have not reached their height till today. Railroad trains coming into Albany today have had to stop numbers of times for the crews to extinguish fires that had begun to feed on cross-ties. The fires are still burning furiously tonight.

advisable not to place the monument at Andersonville, but at some other site, where it would be assured continuous protection.

Americus immediately, through her chapter, asked for the monument. Macon was equally hospitable and patriotic in her desires, and this was the status of the case when the last state convention held in Savannah.

The Trouble in Savannah. At the convention in Savannah, after several heated sessions, where Americans and Macon worked with all their energy, a busy member of the convention brought herself of Richmond as a suitable place, wired the mayor of the city and asked if the monument could be placed there. A courteous reply from the mayor was received and the result was the cry for Richmond sounded in the convention. It was at the last session, the convention was depleted, many members having left for home, and when the vote was taken it was to send the monument to Richmond.

Subsequently Mrs. Walter D. Lamar, president of the Georgia division, sought to have a convention called, to have the question reopened. She wrote to all the chapter presidents and easily secured for her the signatures of the entire executive board, and the result is the call as made above.

MASSEE AT THE HEAD.

He Controls Macon Railway and Light Company.

Macon, Ga., February 4.—(Special.) The annual meeting of the stockholders of the Macon Railway and Light Company revealed an entirely new management, a number of changes on the board of directors and also resulted in the announcement that the controlling interest in the property is owned by local capitalists.

John T. Nyhan, who has already served several years as president of the company, was given the position again, and has accepted. Former Secretary and Treasurer J. H. Hertz was named for the old office, and the new superintendent of transportation was created and filled in the selection of L. C. Corbett.

Savannah was made assistant secretary and treasurer. Roland Ellis was made attorney. President J. H. Massee, Jr. heads the board of directors, and is now owner of more than half the common stock in the line. Mr. F. Hatcher is first vice president and F. Bartow Stubbs is second vice president. The directors now are: W. J. Massee, M. Felton Hatcher, T. J. Carling, E. G. Harris, John G. Walker, B. Stubbs, J. I. Collins, Walter T. Johnson, M. H. Massee, J. N. Neel and Leon S. Dure. The outgoing officers, General Manager J. W. McFarland and Secretary and Treasurer J. E. Jaudon, were given high praise for the energy they have put into the improvements during the year.

Fire at Cotton Mills.

Macon, Ga., February 4.—(Special.)—Fire which started in one of the warehouses at the Manchester Cotton Mills tonight threatened the destruction of the entire plant. A most successful fight was conducted by the mill operatives with a local water apparatus and the losses were confined to a few hundred dollars. A vast deal of property was saved by a small margin.

"BOOSTERS" PLAN TO RAISE FUNDS

Second Committee Will
Be Named Today.

Committees Representing the
Militia Are Also at Work
Soliciting Funds for Inauguration

There will be held in the office of Mayor Maddox today at noon a meeting of the committee appointed by General C. L. Anderson, yesterday, for the purpose of naming a larger committee to get the money with which to send the Georgia delegation of soldiers, cadets and firemen to Washington for the Taft inaugural parade.

General Anderson has named the following as the "Boosters" committee, which is to meet, organize and select the larger or working committee: Mayor Robert F. Maddox, Asa G. Chandler, president of the chamber of commerce; Robert J. Lowry, president of the Lowry National Bank; Colonel E. E. Pomeroy, of the Fifth regiment, National Guard of Georgia; Alderman Press Huddleston, of the second ward; Henry S. Jackson, president of the Atlanta Taft Club; F. J. Paxson, vice president of the Atlanta Chamber of Commerce; C. E. Caverly, W. W. Orr and Brigadier General Clifford L. Anderson, of the National Guard of Georgia. General Anderson being added at the suggestion of Press Huddleston.

Militia Sure to Go.

Atlanta will be represented by military at the opening inauguration. Company K, of the Fifth Georgia regiment, is the one that started the movement, and six subscription lists are now being carried around the street and subscriptions are being solicited for this movement.

The men composing the committee are Sergeant Riordan, Sergeant Coolidge, Sergeant Adams, Corporal Marks, Lieutenant C. M. Thomas and W. E. Thomas. These gentlemen are enthusiastic over the trip and state that they are going to make the trip in any event.

Colonel E. E. Pomeroy, commanding the Fifth regiment, has given his official sanction to the movement and opened the subscription list. Every officer in the regiment, General O'Neal, General Scott and some of the prominent citizens have already contributed to this fund. Seven hundred dollars has been raised at this writing, and \$1,300 additional is needed before the trip can be made. It has been planned to take fifty-six men each from company K and company M of the Fifth regiment.

The committee has arranged with the Southern railway for two Pullman cars for each company and also arranged for the sidetracking of these cars at Washington. The first will leave Atlanta on March 3 and return to Atlanta on March 5.

JOHN T. BOIFEUILLET ON FLOOR COMMITTEE

Has Been Designated as Georgia
Member at the Taft
Inaugural Ball.

Washington, D. C., February 4.—(Special.)—Hon. John T. Boiffeuillet, of Macon, has been designated as the Georgia member of the floor committee for the inaugural ball, which will mark the inauguration of Mr. Taft into office.

The pension building will be used for the ball and each state has been given a designated place. That of the Georgia contingent will be immediately next to the room in which the new president and Mrs. Taft will receive their guests.

Among the members of the floor committee already chosen, are ex-Governor Myron T. Herrick, of Ohio, and Speaker James Wadsworth, of New York.

CONSTABLE ON TRIAL.

Charged With Killing Negro for
Selling Mortgaged Goods.

Augusta, Ga., February 4.—(Special.) J. Newman Black, a constable, is on trial in the police court here, charged with murder, for about a year ago he shot and killed Dennis Wigfall, a negro, who had a warrant charging that Wigfall sold mortgaged goods.

His plea is self-defense. The shooting occurred in Wigfall's home, where his wife and another negro, who testified in court that the negro did not have a stick in his hand, making for the door, when he was shot, as Newman claims. The trial has attracted much attention.

SOME BIG CROWS ARE CON- SULTING STOMACH ORACLE

(FROM THE NEW YORK WORLD, JUNE 2, 1908.)

Cooper Says General Sale Has Made No Difference In Number of Callers.

Although his much discussed medicine is now on sale at all druggists in New York, there has apparently been no let-up in the crowds that are calling at the store where Cooper is meeting the public.

In speaking Monday of his extraordinary success in New York, Cooper said: "The majority of the people who are now calling to get my medicine have not sent here by friends. There is nothing but a direct appeal to the people who are in poor health, but stomach trouble, brought about by over-eating and little outdoor exercise. When I was in a few weeks to anyone who tries Cooper's New Discovery. As soon as I have proved it to be a cure, I have given it to a few friends, and they tell their friends about it, and that beats anything I could say on the subject."

"I thought when I put my medicine on sale generally in New York there would be a let-up in the crowds, but it is not so. There are just as many calling to talk with me as ever. People are not getting their medicine where they choose. I shall continue to meet the public at this store during the rest of my stay in New York."

Among statements made for publication on Monday by New Yorkers who are strongly in favor of Cooper's theory and medicine was the following by Mrs. Charles Trensch, of 37 DeBorres street, who said: "No one who has had such an experience as my husband and myself with this New Discovery medicine can help talking about it. I am well again after fifteen years' constant

A CLOSE SHAVE

Many of Them Happening Every Day
but Soon Forgotten.

Close shaves would be of more frequent occurrence but for the tender faces of many men, which will not permit of shaving often. Heretofore, nothing has been said in these columns about possum, a new skin discoloration, in connection with its use after shaving. Its publicity and sales have been confined almost exclusively to its remarkable properties as an emollient; it stops the itching at once and cures the worst cases in a few days. While the application of possum after shaving is one of its minor uses, such as for pimples, the complexion, etc., shavers will find it a revelation, as it does for abrasions, roughness, and severe scrapings when it is used in any manner of skin difficulties—heals and cures in a few hours. It is the only article possessing real antiseptic and curative value that has ever been exploited for this purpose, and will soothe and tone up the skin as no toilet preparation could possibly do.

Possum can be had for fifty cents at any reliable druggist's, particularly Jacobs' Pharmacy and Brannen's, drug store, who make a specialty of it. Or the Emergency Laboratories, No. 32 West 44th Street, New York City, will send a trial supply free by mail to any one who will write for it. This is sufficient to show results in 24 hours.

MADE HIS WIFE WAIT ON NEGRO

Jones. Put on Trial for
Murder.

Witnesses Testify Regarding
Cruelty of South Carolina
Man to Wife—Negro Told of
Occurrence at Dinner Table.

Union, S. C., February 4.—Inte at increase in the sensational Jones murder case now on trial here, Judge Memminger today ruled that any evidence as to threats by Jones on the life of his wife and evidence as to their relationship since their occupancy of their new home began, three years ago, would be allowed. This is regarded as an innuendo for the prosecution and much sensational testimony probably will be brought out soon.

Mrs. Whitlock swore to seeing numerous bruises and scars on her sister, Jones' deceased wife, during lifetime and how, during a visit to her sister shortly before the alleged murder, she heard Jones cursing in the room which Jones and his wife occupied, and a sound as if some one had been knocked down. Witness asked Jones to be good, to her sister, referring to an incident when he had taken his wife from a school exhibition, she said, and on the way home had beaten her with bottles. He said he would rule his own house. A negro testified that Jones invited him to dine with him and Mrs. Jones waited on the table. The negro objected, but Jones told him it was all right.

A great amount of testimony for the prosecution was taken today in the Jones trial. Numerous witnesses testified to various instances of Jones' alleged brutal treatment of his wife, how different persons had seen many bruises and scars on her body, alleged to have been the result of his blows. One witness testified he had seen Jones drag his wife by her hair from the house and whip her. The state may close its case tomorrow afternoon.

WHITE SLAVE TRAFFIC.

Three Women Secure Evidence
for the Government.

New Orleans, February 4.—It became known today that three women in the employment of the federal government have been engaged in New Orleans for several days securing evidence against certain parties here who it is claimed have been engaged in the so-called "white slave" traffic.

A woman known as Fannie Ruddy is being held by the authorities as a material witness, and it is said a number of other arrests will be made. The authorities are carrying on their work with the utmost secrecy, and refuse to indicate their next move.

THE REAL MENACE OF PISTOL TOTOING

By Don Marquis

Appears in February Issue

Uncle Remus's--The Home Magazine

Now at All Newsdealers

In the February instalment of his series of articles, entitled "Menace of the Mask," Don Marquis, associate editor of Uncle Remus's--The Home Magazine, writing of conditions around Reelfoot Lake and in other parts of Tennessee infested by "Night Riders," draws certain startling conclusions, and voices a warning to the entire South.

The psychology of "pistol toting" is touched upon, and the pertinent question is asked—apropos of the tragic killing of ex-Senator Carmack on the streets of Nashville:

"CAN WE EXPECT THE UNEDUCATED AND UNCULTURED SOUTHERN MAN TO BE LAW-ABIDING, WHEN PROMINENT CITIZENS SHOOT DOWN ONE ANOTHER IN CITY STREETS?"

This article is well worth careful and thoughtful reading, even if you don't care a straw about "Night Riding" in Tennessee.

The menace of the reckless "pistol toter" is omnipresent. There isn't a community in the length and breadth of the land that isn't vitally interested in the matter of promiscuous carrying of deadly firearms. The article is not aimed at the man who purchases a pistol to protect his home, or to give his wife for her protection, but is an indictment of the habitual "pistol toter."

Recent convictions of eight "Night Riders," at Union City, Tenn., and the trial at Nashville of the Coopers—father and son—charged with the murder of Carmack, make this article by Mr. Marquis of more than ordinary interest. It is just such an article as will appeal strongly to every man who believes in law and order, no matter whom he is, nor where he lives. This is but one of many splendid features in the February number, which might well be called a "Lincoln Number."

JACK LONDON's latest and greatest story, "MARTIN EDEN," begins in this issue. It is the real story of the year. It will appeal to every reader who loves a good tale, well told. You'll certainly miss a great treat if you fail to read the opening chapters.

THE KIDNAPPING OF LINCOLN

Then there is a thrilling story by the late JOEL CHANDLER HARRIS, entitled "THE KIDNAPPING OF PRESIDENT LINCOLN." Fiction in the hands of a master gets nearer to the soul of a man than any analytical essay, and Mr. Harris, through the traits of his own sympathetic nature, was peculiarly fitted to understand Lincoln, whose creed was also one in which love and laughter found conspicuous place.

"THE KIDNAPPING OF PRESIDENT LINCOLN" is based upon a historical attempt, of which little has ever been said or written, to steal the person of the President from Washington, rush him through the Confederate lines, and hold him in the South as a hostage of war. Mr. Billy Sanders, the Sage of Shady Dale—in whom some folks have affected to see one of the many phases of Mr. Harris' own personality—is one of the chief characters.

Other prime features of the February number are: "Aunt Peggy 'Lady,'" by Pamela Robertson Butt; "How Southern Governors Viewed Lincoln's Election," by R. J. Massey; "Sunbeams From the South," prose and verse by Frank L. Stanton; "Automobile Makers Discover the South," by Percy H. Whiting; "The Open House," household department, conducted by Mary E. Bryan; "Chronicles of the Zetwots," verse and picture, by Robert J. Dean, and "An Uncle Remus' Letter," by Joel Chandler Harris.

Kidney Ailment

There is
Hope

I want every person who suffers with any form of kidney ailment, no matter how many remedies they have tried, no matter how many doctors they have consulted, no matter how serious the case, to give Munyon's Kidney Remedy a trial. You will be astonished to see how quickly it cures all pains in the back, loins and groins caused by the kidneys. You will be surprised to see how quickly it reduces the swelling in the feet and legs, also puffiness under the eyes, after taking a few doses of this remedy. You will be delighted to see the color returning to your cheeks and feel the thrill of vigor and good cheer. If your urine is thick or milky, if it is pale and foamy, if it contains sediments or brickdust, if it is highly colored, or has an offensive smell, if you urinate frequently, you should persist in taking this remedy until all symptoms disappear. We believe this remedy has cured more serious kidney ailments than all the kidney medicines that have been compounded. Professor Munyon believes that the terrible death rate from Bright's Disease and Diabetes is unnecessary and will be greatly reduced by this remedy.

Go at once to your druggist and purchase a bottle of Munyon's Kidney Remedy. If it fails to give satisfaction I will refund your money—Munyon.

THE GRAND STAND DEMAGOGUE.

The grand stand demagogue is indigenous to no particular climate or soil.

He has held temporary sway from the Great Lakes to the Gulf and from the Atlantic to the Pacific, and for the moment is more decidedly in evidence upon the western coast.

Out there, particularly in the states of California and Nevada, he has built up the bogie of the "yellow peril" and is making war upon a few Japanese who would scarcely populate a good-sized town, if they were all gathered together in one community.

But, given the straw, the grand stand demagogue will build his harmless monster and proceed to fight it; it's in the blood and he cares not how cheap the notoriety, so long as he attains it.

Here is the story of his latest outburst, carried in the press dispatches telling of the debate upon and defeat in the California legislature of one of the anti-Japanese bills under consideration by that body:

Assemblyman Grove L. Johnson, of Sacramento, ex-congressman and author of four bills segregating Japanese in schools and residential districts, and preventing aliens being members of corporations, made an impassioned appeal for the enactment of the bill.

At the climax of his speech, he walked backward from his seat to the lobby rail, and, holding in his arms a golden-haired girl of three, held her aloft and declared that "he was in favor of this, as opposed to the Japanese menace to our institutions."

No Bowers bargain counter ever displayed more tawdry tinsel; no melodrama ever employed more patent trick to stir the enthusiasm of the "gallery god."

The real "yellow peril" is not in California's handful of Japanese, but in its demagogic firebrands who would thrust flaming torch into the powder keg of human passion and then, perchance, turn tail to avoid the consequences of the disastrous explosion caused.

Japan wants no quarrel with us and would back to the last ditch to avoid it.

But a handful of self-seeking demagogues—probably out for votes—may do what it will require many months to undo.

The idea that 25,000 Japanese, or even 40,000, to take the figures of the demagogue, scattered over California's thousands of square miles, could imperil the people of that state, or their progress and power, is fanciful and absurd. This is no idle or gratuitous assertion to a people who have dealt successfully with a problem, in point of numbers, a thousand-fold more intricate.

And Nevada rails at the corporal's guard of yellow men who have ventured into her vast wastes, yet would scarce furnish a first-class company of volunteers to repel an attack which her own loud jingoism so earnestly invites.

But it was an opportunity which the demagogue could not and would not ignore. It was the long-expected, long-awaited stage upon which the hero of "Jingo Gulch" might let loose his demonic clatter and unleash the dormant passions of the crowd by his theatrical creation.

The demagogue is omnipresent and it would have been strange had California's little stir proven exception to the rule.

There is still hope, nevertheless, in the check-valve of conservatism and moderation which already has been well applied.

It is to the nation's established credit that the demagogue cannot always, nor often, depress the scale and outweigh truth and reason.

WHEN THE BELL TAPS.

Nine, ten, eleven, twelve and sometimes more calls a day have been the recent regular experience of the Atlanta fire department.

In many instances, of course, the fires were trivial ones, quickly controlled without appreciable danger to the city-at-large.

In other and numerous cases, conflagrations have occurred in such places and under such unfavorable weather conditions that all Atlanta might well have been threatened had not immediate response, strenuous work and cool judgment been called into requisition.

The average business man is too prone to accept the excellence and fidelity of the local fire-fighters as a matter of course. Only when the fates of Jacksonville, Baltimore and Chicago are remembered are we apt to rate such services at their proper value.

Virtually every blaze occurring in the city carries the germ of such widespread catastrophes. A species of everyday heroism, of constant watchfulness over that element which is ever waiting to catch man unawares, are the price of continued immunity.

Adequate appreciation of the efficiency of the department should be leavened with an individual vigilance which shall lessen its exertions in behalf of the general welfare.

GEORGIA MILITIA AT THE INAUGURATION.

The movement to send several detachments of Atlanta's student-cadets, the drum corps of the fire department and companies of the state militia to participate in the Taft inaugural ceremonies is commendable from every viewpoint and should be accorded the hearty financial support of the people of this city.

The mere fact of party difference should be lost in American interest in the inauguration of an executive who has given such fair pledges of being the president of the whole people.

Georgia has frequently been thus represented at the inauguration of both democratic and republican executives. The state has a record for non-partisan enthusiasm in these matters, and the present instance will make its maintenance especially auspicious.

The sum required for the transportation and incidental expenses of these Georgia boys is small, and has already been liberally aided by the business men of the city. Civic pride and national patriotism dictate that the entire fund be forthwith completed.

THE ROADWAY AS A MONUMENT.

There is at least interesting and significant coincidence in The Constitution's suggestion, made some months ago, of the construction of a roadway by federal appropriation from Chattanooga to Atlanta in commemoration of perhaps the most important event of the civil war, and the action of congress the other day in taking steps looking to the building of a road from Washington to Gettysburg as a memorial to President Abraham Lincoln.

In the congressional action making an appropriation of \$50,000 for a survey of the proposed "Lincoln Way," the principle contained in The Constitution's suggestion is about to become practice.

Should congress determine upon a national memorial to President Lincoln in this the centenary year of his birth, its action could take no more appropriate direction than the construction of a substantial roadway, which, as a monument, becomes both useful and permanent.

The proposal is an excellent one; there is, perhaps, but one of its kind which outweighs it in the historical value which it would have, and that is federal construction of the road that should mark the pathway of the civil war's most brilliant and decisive campaign, as suggested by The Constitution.

It has been the custom of nations in some instances to commemorate by the construction of roadways great exploits, rather than great men. So Napoleon's passage of the Alps is marked immutably and for all time by the Simion Pass.

Appropriateness, fitness, therefore, would place the Chattanooga-Atlanta roadway project in the forefront.

History contains no record of campaign more important in all its bearings or better generalized in its conduct.

The brilliant and successful march of Sherman over mountains and through the valleys of northwest Georgia is equaled only by the masterly and determined defense of Johnston in opposing and checking at every point and against fearful odds the progress of the invader.

It was a contest of military genius in which neither army suffers by comparison with those engaged in other history-making exploits, nor through omission of any tactical maneuver, which might have contributed to a different result.

Who can tell what might have happened had Johnston been left unhampered to carry out his plans, which up to the hour of his displacement had been so well and faithfully executed.

But that is going into the "ifs" of history, a field wherein the crop is of doubtful and visionary value.

The record of that decisive and epoch-making campaign has been inexorably written, and in the writing there is honor and glory enough for both contestants.

The army of the north did through skill and numbers what skill alone could not accomplish, and when, finally, Atlanta fell, the struggle was practically at an end.

The nation could select no event, no character, in its entire career, to which commemoration in the shape of well-constructed roadway might more suitably or appropriately be given.

Already the federal government has the beginning of such a project in

some forty miles of splendid roadway connecting Chattanooga with Chickamauga national park and other points in Walker and Catoosa counties.

A one-hundred-mile extension of that road will complete the work, mark for all time the pathway of one of the world's greatest military contests and give to one of the richest agricultural and most populous sections of the south a highway whose future practical value cannot now be estimated.

National parks and monuments serve their purpose well, but in that purpose there is nothing of utility. The roadway combines with the others this important quality.

Now that congress has given form and shape to this suggestion in the proposal to construct the "Lincoln Way," it is to be hoped that the action marks the inception of a policy that will result ultimately in the construction of memorial roadways at other important points.

And in the inception of that policy the Chattanooga-Atlanta roadway should demand first and foremost consideration.

NO LONGER "TIN SOLDIERS."

A recent dispatch in The Constitution tells of the discharge of a score or more members of the state militia in a neighboring city because they had manifested an indifference as to attendance at drills.

The rarity of such measures and the summary enforcement of them when necessity arises is a reassuring tribute to the efficiency and the fidelity of the young men enlisted in the volunteer service of Georgia.

In common with the militia of other commonwealths, members of the various branches in this state had formerly to sustain the too-frequently truthful taunt of being "tin soldiers."

All that has disappeared for good. With the increasing extension of federal aid to state militia the regulations governing the standing army have come constantly into more uniform and constant observance. Slack discipline is a thing of the past. Apathy toward duty of the routine is no longer condoned. No more is seen the ancient spectacle of sparse ranks being overladen with raw "rookies" just previous to a tempting summer outing at the expense of the state and Uncle Sam.

Taken collectively this means, of course, that the volunteer forces of the various states are each day more accurately justifying their sole reasons for existence—availability for effective service within the state at a moment's notice or capacity to at once take the field should the exigencies of the nation demand such activity.

The Dear Old Dialect.
 Professor Walter Williams speaks a
 good word for dialect in a recent
 address before the University Club of
 Kansas City:

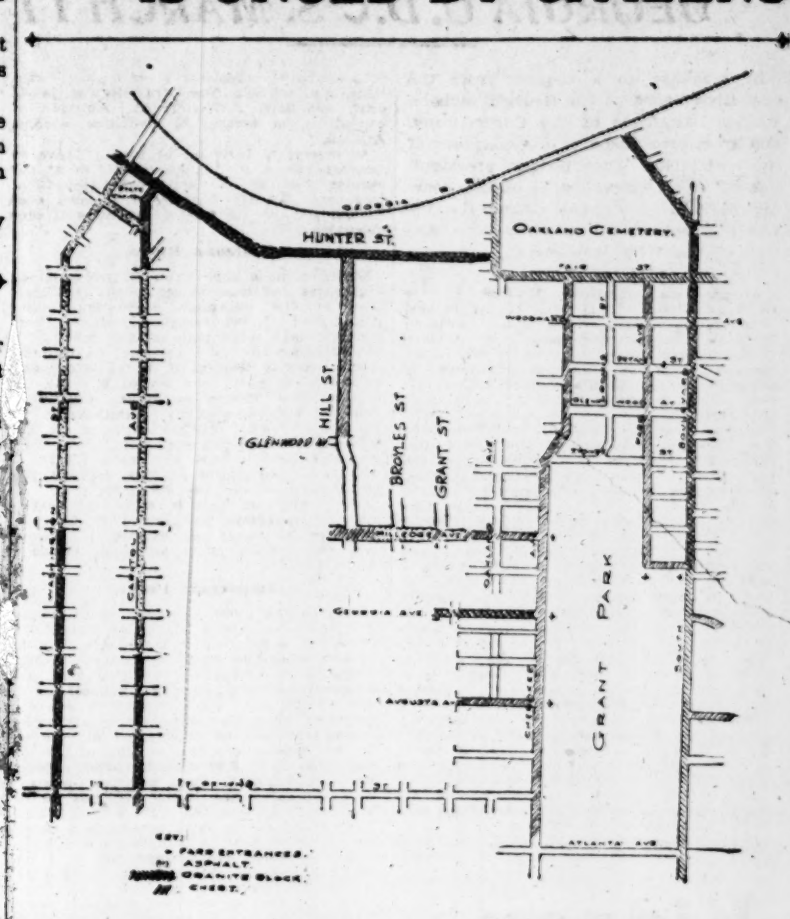

"Pack" is yet used by some Missourians
 in the sense of "carry," as "let me pack
 that for you." "Carry" is used in "ten
 penses for 'conduct' or 'conduct,' with
 'note' is wholly Virginian. But ever
 "pack" and "carry" are of classic pa-
 rentage. I have heard in Missouri and
 in other states an expression that may
 be dialect or slang, but which to me at
 least always suggests a smile. Speak-
 ing of visiting delegates, a good woman
 said: "I can eat 'em, but I can't stich
 'em." Indeed, I am sure that the lan-
 guage of the New Jerusalem differs but
 little, if any, from the speech of the old
 Missouri, for St. Peter himself, keeper
 of the keys of the Celestial City, uses
 the Missouri idiom when he says, as I
 do now in closing, "Peace and love be
 with you all."

DRIVE TO GRANT PARK
IS URGED BY CITIZENS

The Above Diagram Shows the Streets Leading Into Grant Park, All of Which Are in Bad Condition.

Second and Third Ward Improvement Club Will Center
Efforts on Well-Paved Route
to the Park.

The citizens of the second and third wards are thoroughly aroused to the importance of improving their section of the city, and at the same time have one, if not two, good driveways to Grant Park.

The Second and Third Ward Club is as vitally interested to citizens all over the city as well as to those living in the second and third wards.

The Second and Third Ward Club has first made a movement to have Washington street paved with a smooth pavement from Crumley street, where the asphalt ends, to Ormond street, and then to have Crumley street graded, and paved from Washington to Cherokee avenue, where the west limits of the park begin. Committees have been appointed to get the county and city to do this work. When this is done there will be a fine driveway from the center of the city to Grant park, and it can be extended to the north side over the Washington street viaduct.

There may be later another movement to have Hunter street repaved with a smooth pavement from Washington street to Hill street. Hill street is already well paved from Hunter street to Glennwood avenue. By paving the three blocks on Hill street from Glennwood avenue to Millidge avenue there will be a continuous well-paved driveway to Grant park, as Millidge avenue is a broad and well-paved thoroughfare. It may be that the street car company can be induced to remove the tracks from Hunter street, as it has a close parallel line on Fair street.

The Washington and Ormond street route, however, will probably be the first work done. The committees from the club are now hard at work, and they are receiving the indorsement of citizens throughout the city.

All Routes Badly Paved.
 The route out Georgia avenue is over rough Belgian blocks and on steep grades; to reach Park avenue from the center of the city there is no route except over badly paved streets; the same may be said of every route to the park. As shown by the diagram, there are

five main entrances into the park, one on South Boulevard, one at the head of Park avenue, one at the head of Georgia avenue, one at Millidge avenue, one at Georgia avenue, and one at Augusta avenue. Not a single one of these entrances can be reached from the center of the city over a decently paved street.

This matter of reaching Grant park is as vitally interesting to citizens all over the city as well as to those living in the second and third wards.

ORB MADE HEAD OF COMMITTEE

Will Raise \$120,000 for
Agnes Scott College.

First Meeting of Joint Citizens' and Chamber of Commerce Committee Held Yesterday Afternoon.

J. K. Orr was yesterday afternoon elected chairman of the citizens' committee which has in hand the work of raising \$120,000 within the next thirty days in order to secure the gift of money promised which will make Agnes Scott college a million-dollar institution.

The first meeting of the joint committee of the chamber of commerce and the citizens was held in the rooms of the chamber of commerce, where the election referred to took place.

The two committees are made up of the following gentlemen:

Citizens' Committee—S. M. Inman, Charles R. Winslow, Werner S. Byck, W. F. Wineoff, W. A. Speer, H. S. Johnson, George Meese, J. K. Orr, W. Woods White, Walter Rich, Mayor R. F. Maddox, Alex W. Smith, J. J. Eagan, Beaumont Davison, Frank Hawkins.

Chamber of Commerce Committee—Wm. L. Moore, W. E. Newell, Samuel A. Carter, V. B. Krieshaber, Arnold Broyles, M. R. Wilkinson, D. Woodward, H. A. Maier, A. Montgomery, Forrest Adair.

After the meeting Chairman Orr said: "Our initial meeting was only one of organization followed by the appointment of several subcommittees who have special work to attend to in order that the movement may crystallize into an expression such as we hope to have within the next thirty days."

"Atlanta will not allow this institution to miss so great a gift by reason of the sum needed, and we believe that the plans outlined will secure the money needed within the time limit we have set."

IN A MELANCHOLY FIT BALLARD KILLED SELF

Well-Known Golf Player Commits Suicide in Chicago Hospital.

Chicago, February 4.—Bland Ballard, a local stock broker and well known as a golf player, committed suicide at a hospital in Lake Forest today. At Mr. Ballard's residence it was stated over the phone that Mr. Ballard had not been ill, and that no cause for the act was known.

Mr. Ballard came to Lake Forest from Louisville, Ky., six or seven years ago. He leaves a widow, who was Miss Adele Shreve, of Louisville, and three children. He was 52 years old and among business men was rated as a retired capitalist. Mr. Ballard was one of the chieftains of the Onwenta Club at Lake Forest, his buoyant nature and social graces making him one of the most popular members of that exclusive institution.

The only explanation for his suicide was given by Dr. A. C. Haven, in the rear of whose hospital the fatal shot was fired. Dr. Haven said that Mr. Ballard was, despite his sunny nature, subject to periodic fits of depression, and that undoubtedly it was during one of these that Mr. Ballard determined to end his life.

Associated Charities Campaign Nearing Its Close.

Ministers to Make Final Appeal on Sunday—Chas. A. Conklin Writes From Hot Springs to Join Movement.

The district chairmen and their committees, acting with the Order of Old-Fashioned Women, securing 1,000 members for the Associated Charities, met yesterday with Major R. J. Guinn at Carnegie Library.

Reports made by the various chairmen were most encouraging, seventeen new members from their district, reported by Mrs. H. M. Willett and Mrs. Kreighaber; 11 by Mrs. John Hill; 8 by Mrs. E. C. Koon; while similarly good reports were made by Mrs. Henry Porter, of the central committee; Miss Mattie Boynton; for Mrs. T. P. Westmoreland of the south side central committee; while each member of the Old-Fashioned Women reported new subscriptions.

Still Making Strenuous Efforts.
The ladies will make their best efforts today and tomorrow, and on Sunday many of the ministers of the city have volunteered to appeal again for the Charities through their congregations. Rev. Dr. Landrum, of the First Baptist church, will incorporate an appeal in his farewell sermon.

Dr. J. W. Lee, of Trinity Methodist, will work for the Charities from his pulpit, and many others will do the same.

A Request to Ticket Holders.
It is requested that all those ladies who took tickets to distribute, at the meeting held at the home of Mrs. Maddox, Tuesday, January 26, will please return those they have not distributed to Major Guinn, 213 Candler building.

All those desiring to become members of the association and who have not received subscription tickets, may send their membership dues (\$5) to Major Guinn.

Major Guinn will be in his office Sunday afternoon so that the returns from the churches may be reported and a full report formulated for publication in The Constitution of Monday morning.

Interesting Communications.
Many interesting communications accompany the subscription tickets, being sent to the ladies undertaking the work of help for the Associated Charities, many of these letters expressing not only pleasure in giving, but appreciation of knowing for what the Associated Charities, as an organization, stands.

Charles A. Conklin, one of Atlanta's best known citizens, writes from Hot Springs, Ark., that he has been greatly interested in The Constitution's work for the Associated Charities and requests that the names of Mrs. Conklin, Master Conklin and himself be entered on the membership roll. Mr. Conklin says he considers the work an excellent thing for Atlanta and that he wishes to lend his help.

Aside from the actual money which has been realized, the crusade made for the Associated Charities has for the first time given the people of Atlanta an intelligent viewpoint of organized charity and its value to the community. There were those who, through lack of time or indifference or ignorance, had failed to investigate for the benefit of the city, but the plan of the Old-Fashioned Women, when they set out to secure a membership of 1,000, have forced the ignorant to know, the indifferent to take notice and all good citizens to give.

LONG-HAIRED EVANGELISTS PREACHING IN THE CITY

Two long-haired and long-whiskered strangers are seen on the streets of Atlanta, and are creating considerable curiosity. When interviewed by a reporter of The Constitution yesterday, the long-haired and long-whiskered strangers said they were evangelists, representing no creed and no church.

They stated that they were going about the country preaching an independent gospel according to their idea of the Bible, and in connection with any established church. They said their names were Robert J. F. Brown, formerly of Kansas City, and Henry Marti, of Switzerland. From two little knapsacks which they carry on their backs, they are distributing two pieces of literature, one with a queer-looking religious, pictorial map, entitled, "The Great Mystical Babylon," the other printed in black and red, entitled, "The Two Covenants."

The two covenants contain excerpts from the Ten Commandments and numerous quotations from the Scriptures. Where the black type is used there is the heading, "Eternal Death," the red type is headed "Eternal Life."

When questioned about their preaching and religious teaching, they said: "We are preachers of the Word of God, and belong to no church. We go about the country preaching in private places wherever we are received in the name of Christ."

When asked how they made a living, they replied:

"By faith."

They stated that they do not cut their hair or whiskers because Christ did not cut his. They will remain in Atlanta, they said, for several days, preaching wherever they are invited to do so, and after having tried to evangelize Atlanta according to their doctrine, they will strike out for another town.

SERVICE AT TABERNACLE TO HONOR JNO. F. BARCLAY

A memorial service for the late John F. Barclay will be held at the Tabernacle Baptist church Sunday afternoon at 3 o'clock. Dr. Len G. Broughton, the pastor, will preside, and several men in prominence are on the program to make addresses.

Mayor Robert F. Maddox will tell of the work Mr. Barclay did for Atlanta in upholding the poor and needy. H. E. W. Palmer is to recite the history of the mission started by Mr. Barclay in an old railroad car, and what the work led to. A. B. Chandler will make an appeal for permanent recognition of Mr. Barclay's services in behalf of charity, his subject being "The Permanent Memorial."

Dr. W. L. Lingle, pastor of the First Presbyterian church, will read the scripture lesson, and prayer will be offered by Rev. Dr. J. S. French, pastor of the First Methodist church. The benediction will be pronounced by Dr. C. B. Wilmer, pastor of St. Luke's.

NELSON MORRIS COMPANY TO BUILD GUANO PLANT

Old Mason Estate Is Site Secured—Contract for Excavation Has Been Let.

Nelson Morris Company, one of the largest meat-packing corporations in the country, has purchased a twenty-acre tract of land at the intersection of the Southern railway and Seaboard Air Line railroad, in north Atlanta, on which they propose to establish a fertilizer plant at a cost of \$75,000.

The land secured was purchased of the old Mason estate, always identified in Fulton county with the Mason and Turner's road, in land lot No. 58, of the seventeenth district, through the well-known real estate firm of S. E. Turman & Co., and was conducted by J. T. Kimbrough, who has since gone in for himself in the real estate business.

The company, as an indicator that they mean business, has made a contract for the removal of 35,000 cubic yards of earth on the lot to provide for the foundation of their monster fertilizer factory.

The plans are now being prepared for the fertilizer plant, and work on its construction will be undertaken in a short while, and will be pushed to completion in time to begin operation this fall.

The Nelson Morris Company, a strong competitor of the Armour and Swift packing houses, will have them, too, as rivals in this business which they are about to undertake, as both Armour and Swift have large fertilizer factories in and near Atlanta.

As a fertilizer center, Atlanta is becoming famous throughout the country. Only last fall the Germofert Manufacturing Company erected a plant near East Point, at a cost of \$80,000, which was put into operation a short while before Christmas.

MARRIED THREE WEEKS, BRIDE IS NOW IN TEARS

Couple Married in Atlanta. Husband Arrested in Little Rock.

There is now hurrying from Little Rock, Ark., to Houston, Texas, a bridal couple, the groom being under arrest, who launched their craft on the troublesome sea of matrimony in Atlanta at the study of Rev. Richard Orme Flinn, of the North Avenue Presbyterian church, in this city, a little over three weeks ago.

The groom is F. E. Upham, who, while in Atlanta, gave his occupation as that of manager of a publishing house, and his address as Washington, D. C.

The Associated Press dispatch telling of their troubles is as follows:

Little Rock, Ark., February 4.—F. E. Upham, a young lawyer, was arrested here today. It is said he is wanted in Houston, Texas, for an alleged embezzlement from a bank in that city. Upham was accompanied by his bride of three weeks; whom he married in Atlanta. He says he will return without requisition. Upham claims he merely made an overdraft, which he settled.

They came to Atlanta from Tallapoosa, the home of the three-weeks bride, who was Miss Laura M. Baltzley, of that city.

Several years ago Dr. Flinn conducted protracted services in Tallapoosa, and while attending them Miss Baltzley professed conversion, and was taken into the church.

When she was wooed and won, and the couple had arranged to come to Atlanta to get married, her first thought of a pastor was for Dr. Flinn, and his study they hurried to have the knot tied. It was there the groom gave his address as Washington and his occupation that of managing a publishing house.

The bride stated she was 18 years of age, that her father was dead and her mother an invalid as the reason her parents were not present. No legal obstacle being in the way, Dr. Flinn married the couple, and they began their honeymoon by a tour of the west. The license was secured in Atlanta, and was properly signed up and returned to the ordinary office for record.

Those who met him here have great faith in his statement that the trouble arose from an overdraft, and that he will clear himself.

HEADS MACON FAIR.

Charles B. Lewis Succeeds Late Ben L. Jones.

Macon, Ga., February 4.—(Special.)—Charles B. Lewis heads the Macon Fair Association. His election to the place made vacant in the death of Ben L. Jones occurred at the Lanier hotel last night, five hours after the remains of Mr. Jones were consigned to the grave. With him Mayor Miller and Joseph N. Neel will serve as vice presidents. Herbert Haley was made a director to succeed Mr. Jones.

A number of meetings of the directors last night was an important one, for the reason that it set the business going for a new fair. Large numbers of local business men are interested in the success of the coming fair, and will give their time early to arrangement. A number of the members of the St. Agricultural Society were present.

Eggs Tumble at Chicago.

Chicago, February 4.—Ninety thousand eggs, said to be fresh, have reached Chicago, and as a result the price has taken a tumble of 2 cents a dozen. Other consignments are expected to make further inroads on the south states.

AFTER ROAMING 10 YEARS SURRENDERS FOR MURDER

Dublin, Ga., February 4.—Drawn by some irresistible impulse to return to the scene where he killed a man when he was fifteen years of age, Manly B. Tripp, after roaming over a good portion of the world for ten years, today surrendered to the sheriff of Laurens county.

For some days he has been here, and was an interested spectator in the court house during a trial. He was not recognized until he voluntarily surrendered. He was a well-known youth, and is prominently connected. He shot James Hood down on the street in 1899. He escaped, and effort to capture him failed.

WOMAN'S NATURE

Is to love children, and no home can be happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering and dread that she looks forward to the hour with apprehension. Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, unpleasant feelings, and so prepares the system for the ordeal that she passes through the event with but little suffering, as numbers have testified and said, "It is worth its weight in gold." \$1.00 per bottle of druggists. Grand Canyon of Arizona

Thomas Moran, N. A., was the first American artist of note to visit this world-wonder. He still frequently goes there to get new impressions. In his summer home at Easthampton, L. I., or in his New York City studio, usually may be seen several canyon canvases under way. Other eminent artists also have visited this titan of chasms. They all admit it to be "the despair of the painter."

You, too, may easily view this scenic marvel as a side trip on the luxurious

SOCIETY

To Miss Denis.

Mr. Charles W. Crankshaw will entertain at dinner Sunday night at the Capital City Club in compliment to Miss Alice Denis, of New Orleans, the guest of Mr. and Mrs. J. E. Hunnicutt.

For Home for Old Women.

This evening at Cable Hall some of the most excellent talent in Atlanta will give a fine program for the benefit of the building fund for the Home for Old Women. The artists engaged to take part are Mrs. Zay Beecher Smith, piano; Professor Richard Schuler, violin; Miss Sarah Adelle Eastlack, reader; Miss Carrie Davidson, vocalist.

As there have been a great many tickets sold to Atlanta's most representative people, it is assured that the hall will be well filled. Tickets will also be on sale at the door.

Valentine Bridge.

Mrs. Albert Akers was hostess yesterday at a pretty party in Atlanta in compliment to her guest, Miss Marie Layette, of Columbus, Ohio, inviting twenty ladies to meet her.

The house was attractively decorated with pink and white carnations, the score cards were hand-painted valentines in pink and white, and the valentine idea was carried out in many pretty details. The prizes were a picture and a valentine book.

Mrs. Akers wore a blue messaline satin gown, and Miss Layette wore pink tissue over pink satin.

To Miss Herring.

Miss Gladys Kirk entertained, at afternoon tea yesterday in compliment to Miss Frances Herring, of Newnan, her guest, and the occasion was a pretty and enjoyable one.

The house was attractively decorated throughout with palms, ferns and pink carnations, and dainty refreshments were served in the dining room, where the table decorations were in pink. The centerpiece was a vase of carnations; pink candles, unshaded, burned in silver candlesticks, and silver dishes were filled with pink candies.

Serving punch, Miss Georgia May Taylor wore a gown in blue messaline, and Miss Ollie May Osborn wore gray cloth. Miss Kirk was gowned in white messaline and lace, Miss Herring wore a blue empire gown of blue messaline, and Mrs. Thomas Coker, Miss Herring's hostess, wore white chiffon and lace.

Assisting in entertainment were Mrs. Root Peck, Miss Marie Leduc, Miss Mary McCall, Miss Georgia May Taylor, Miss Ollie May Osborn, Miss Carrie Henderson and Miss Eula Sullivan.

D. A. R. Card Party.

A matinee card party will be given under the auspices of the Sarah McIntosh chapter, D. A. R., Friday, February 5, at 3 o'clock p. m., in the Aragon hotel. Tickets may be obtained at the door or from any member of the chapter for 25 cents. All friends of the chapter are cordially invited to attend.

Students' Recital.

At Kilworth Conservatory, last night, an interesting recital was given by the following students:

Miss Annie Pearce Barnes, Miss N. Sampson, Miss Louise Parker, Miss Ruth Rodgers, Miss Doris Anderson, Miss Agnes Williams, Miss Meta Mau, Miss Lucile Moore, Miss Katherine Kemper, Miss Gracie Brooke, Miss Helen Schald, Miss Mildred Bradford, Miss Alberta Woodward, Miss Wera Simon and Miss Mueller.

Georgians in New York City.

The Georgia Society of the City of New York, which is composed of the most prominent Georgians now residing in that city, held its second reception and dance of the season at the Waldorf-Astoria on Friday evening, January 29. The affair was a most enjoyable one, and was largely attended by the members and their guests. Many notable Georgians were present.

A number of the younger set of Georgians, now in this city and enrolled as students at Columbia university, also joined in the evening's festivities. The patronesses were Mesdames Boddell Parker, J. Henry Parker, Marie Allen Battle, W. M. Pendleton, Walter E. Dixon, Percy O. Magnus, W. E. Evans and Floyd S. Corbin.

This society is doing good work, not alone in promoting Georgia's interests from a social standpoint, but also in making known to the country-at-large the many advantages the Empire State of the South enjoys.

The recent dinner tendered President-elect Taft at Atlanta was widely discussed, and at the next dinner to be given by the Georgia Society of the City of New York the place of residence of the banquet will be a Georgia "possum in all its glory."

Niles-Port.

Dr. and Mrs. George M. Niles, of Atlanta, announce the birth of their daughter, Nellie, to Mr. Hollis Port, of Americus.

The ceremony took place in Atlanta, February 3, 1909.

To Miss Denis.

A beautiful entertainment by Mr. and Mrs. Paul Octave Hobert at the Capital City Club, Miss Alice Denis, of New Orleans, who is visiting Mr. and Mrs. Hunnicutt, the guest of honor.

The party of sixteen were seated at a table brilliant in its decorations of white and green. The centerpiece was a low circular platform of maidenhair fern, in the middle of which were clusters of valley lilies, and many tiny

electric lights, shone out from underneath the foliage and flowers. Silver dishes were filled with green and white candles, and the place cards were hand-painted in valley lilies.

Mrs. Hobert wore an elegant gown of pink silk, with a trimming in gold and Oriental embroidery. Mrs. Hunnicutt was gowned in blue satin, embroidered in silver. Miss Denis wore yellow crepe trimmed with gold and white lace.

The party included Mr. and Mrs. Hunnicutt, Miss Denis, Mr. and Mrs. W. L. Peel, Mr. and Mrs. John M. Slaton, Mr. and Mrs. Charles Winship, Mr. and Mrs. Frederick Starich of Philadelphia, Mr. and Mrs. R. A. Smythe and Mr. Renfro Jackson.

To Miss Layette.

Miss Kate Carroll will give a matinee party Saturday for Miss Layette, of Columbus, Ohio, the guest of Mrs. Albert Akers. Mrs. C. E. Harrison gave a box party at the Orpheum Wednesday, and Mr. and Mrs. William Percy entertained informally in compliment to Miss Layette at dinner.

To Miss Neale.

Miss Anne Mary Maupin entertained at an afternoon yesterday in compliment to her guest, Miss Gladys Neale, of Richmond, and the occasion was a pretty and enjoyable one.

Brass jardiniere of jonquils formed an effective decoration, in combination with palms and ferns. In the dining room the table centerpiece was a bowl of jonquils; silver dishes were filled with yellow and green candies, and spun candy baskets in these colors held green and yellow mints.

Miss Maupin was becomingly gowned in white satin embroidered in Persian colors. Miss Neale wore green satin and lace embroidered.

Assisting in entertainment were Miss Cora Hemphill, Miss Aileen Parks, Miss Lily Jones, Miss Maudie Nelson, Mrs. Sam Pegram, Mrs. Clifford Henderson, Mrs. Samuel Maupin.

In the evening a number of young men joined the young ladies of the receiving party for a game of bridge.

Bridge Party.

At the bridge party given yesterday by Mr. Charles Dunbar Roy in honor of her guest, Mrs. W. H. Keen, of Richmond, and Mrs. Edward Flash, the guest of Mrs. E. P. McBurney, Mrs. Shepard Bryan won the first prize, a pink-spangled fan with sandalwood sticks, and Mrs. Charles Scipio won the consolation, a crocheted lace table cover, all of the guests drawing for it out of a collection of dainty valentines, one of which bore the lucky number.

The house was bright with foliage plants and with vases of flowers, enchantress carnations filling the library with their fragrance, and stilling roses lending to the reception room their festive air.

In the dining room delicious refreshments were served, and there the table was artistic in its appointments and decoration. The centerpiece, on a lace cover, was an antique silver vase of American Beauty roses, the silver candlesticks had white and green shades, with crystal chalice, and silver dishes held green candies.

Mrs. Roy's becoming gown was of pale gray satin, the corsage embroidered and threaded in gold.

Mrs. Keen wore a charming toilet in silver and black.

Mrs. Flash wore a Parisian toilet in black cloth embroidered and black plumed hat.

Morning Bridge.

Mrs. J. A. Mason will entertain twelve ladies at bridge this morning at her home in West End.

Book Shower for the Atlanta Musical Association.

There will be a book shower and informal musical at the club rooms of the Atlanta Musical Association, 122 Peachtree street, Saturday night, February 6, at 8 o'clock. There will also be a membership meeting the same evening. Any book which will be of value to the club members, of interest to the students and members, will be greatly appreciated. It is the earnest wish of the association to do everything in their power to make the club rooms attractive and interesting to its members.

Miss Harwood, the president of the association, will be at the club room every day from 10 a. m. till 1 p. m. After that the hostess of the club will be at the rooms, so that the members may come to the club rooms at any time during the day.

The members of the book committee are Mrs. Madden, chairman; Raymond Barth, Mrs. Gailward, Mrs. Alexander Stirling, Mrs. Charles P. Glover.

The program for Saturday night's concert will be announced later.

Benefit St. Luke's.

A candy pulling and children's entertainment will be given next Tuesday, February 9, at 5 o'clock, at the corner of 5 o'clock by Mrs. A. F. Walker's committee. BOY FELL TWO STORIES BUT WASN'T INJURED

Probably the most remarkable fall ever sustained by a youngster was the one that happened Wednesday afternoon, when Willie Cornelius Sherman, the 2-year-old son of Simon Sherman, a Capital City Club waiter, residing at 473 Auburn avenue, fell from the second story window of his father's home to the ground.

The youngster was playing near the window when his father, who was looking out, saw him fall. He was picked up by the sorrowing parents, who thought that he had been killed or seriously injured.

A doctor was summoned and after a careful examination of the child announced that he was unhurt. No bones were broken and as yet no internal injuries have developed.

BABY-EASE, NATURAL FOOD FOR BABIES AND CHILDREN

Manufactured Right Here in Atlanta—Its Growth Is Phenomenal.

The ills of babyhood and childhood are particularly difficult to diagnose and treat, as the little ones cannot describe their symptoms as older persons can. There are critical times in every baby's life, when the mother should have a safe, prompt and reliable remedy on hand in the event of a sudden attack of illness undefeatable by her.

At such a time Baby-Ease makes itself manifest. Baby-Ease is an emergency remedy beyond compare—prompt, effective, but absolutely harmless and safe to give to children of all ages. It is not a patent medicine, but a scientific preparation of the most skillfully prepared. Any doctor can tell you about it. It is a pure vegetable compound, containing no opium, morphine, mineral acids, or poisons of any kind, and is guaranteed to be safe for the child.

MRS. JOSEPH MORGAN HEADS PIONEER SOCIETY

At a meeting of Atlanta's women who saw the stirring scenes of the sixties; who knew the reconstruction period in its fullest meaning, and who helped in the pioneer work of the city's building—this meeting held yesterday in the assembly room of the Piedmont hotel, Mrs. Joseph Harris Morgan was elected president.

The meeting was the inspiration of Mrs. Morgan and a group of pioneer women, and the object of the organization is to aid in any movement for civic betterment, where the organization may be useful, and at the same time, to compile for historic reference the personal reminiscences of the many women who witnessed scenes now matters of history and still unwritten.

Mrs. Anthony Murphy was made temporary chairman of the meeting, and subsequently the board of officers was elected as follows: President, Mrs. Joseph Harris Morgan; vice president, Mrs. Anthony Murphy; second vice president, Mrs. Henry L. Wilson; recording secretary, Mrs. M. L. Harrison; treasurer, Mrs. John Ryan; corresponding secretary, Mrs. Virginia Hardin, who was also honored as her mother, the late Mrs. Mark Hardin, was the first to establish a wayside inn for the soldiers of the confederacy; historian, Mrs. Lollie Belle Wyllie, whose mother, Mrs. Augusta Moore, gave many concerts for the benefit of the soldiers, and subsequently served for them and tended them in the hospitals.

A charter committee was appointed to include Mrs. L. S. Mitchell, Mrs. Purcell, Mrs. Morgan, Mrs. Lollie Belle Wyllie.

The eligibility committee, Mrs. Frank P. Rice, Mrs. Dalton Mitchell, Mrs. Sid Holland.

THE THEATERS

"Polly of the Circus."

In the stores, on the streets and everywhere on busy nothing was prouder for "Polly of the Circus," which is now playing an engagement at the Grand. Those who have been fortunate enough to witness a performance are advising their friends not to miss the show. The show is a masterpiece of the most charming little actress that has smiled her way into the hearts of the theatergoers of Atlanta in many a month.

At the Bijou.

The vaudeville numbers alone make the Bijou a place of interest. One of the most pleasing attractions offered at the Bijou this season, there are half a dozen acts, and every one is a hit-maker. There is a steady stream of new acts, and the company is a comedy stunts that serve as really pleasing entertainment. The principal comedy part of the two-act sketch that serves to introduce the girls in musical numbers is the hands of Charles Barton, who has demonstrated that he is one of the star comedians of the circuit.

WINGFIELD STILL ALIVE.

Last Seen by Rural Letter Carrier Near Mines.

Washington, Ga., February 4.—(Special.)—With the beginning of the fourth day's search for John T. Wingfield, who wandered from his home near Washington Monday morning while suffering from temporary insanity, a period of illness, the party of friends who have been searching night and day were rewarded with the first clue that may lead to his discovery. The information was gained from a rural mail carrier who said he had seen a man wearing a light hat and a long dark overcoat and answering the description of Mr. Wingfield near the Columbia mines as he appeared when he left his home early Monday morning.

It is now an assured fact that Mr. Wingfield is still alive, having survived the extreme cold of Monday night. It is confidently expected that he will be soon located, as he has been on a wandering tramp since Monday morning without food.

To Patrol Auto Course.

Savannah, Ga., February 4.—(Special.)—At a meeting of the local militia officers and a committee of the Automobile Club, the military promised to patrol the race course in the event another auto race is brought to Savannah. This is the basis for Savannah's fight for the 1809 Grand Prize race, if it is run. Application for permit to use the troops will not be made until after the administration changes, as it will not be necessary to rush this.

JUDGE RUFUS T. DORSEY WILL BE BURIED TODAY

Last Sad Rites Will Be Conducted at Trinity Methodist Church.

The funeral services of Judge Rufus T. Dorsey, whose death occurred Tuesday morning at his home, 171 Capitol avenue, will be conducted this morning at 11 o'clock, at the Trinity Methodist church, of which the deceased was a leading member. The pastor, Dr. James W. Lee, will conduct the ceremony. The casket will be borne by the following lifetime friends of Judge Dorsey: Colonel P. H. Brewster, Dr. F. P. Smith, Albert Howell, Arthur Heyman, R. A. Hemphill, Howell Erwin, W. S. Duncan, and C. D. Montgomery. The interment will occur in Westview cemetery.

Mrs. S. B. Yow, Judge Dorsey's elder daughter, arrived yesterday from LaVonia, Ga., with her three little children. Ray Dorsey, a law student of Columbia university, arrived from New York last night.

At a meeting of the Atlanta Bar Association, held in Judge Ellis' court room yesterday morning, a resolution was passed calling upon the members to attend the funeral of Judge Dorsey in a body, and another resolution was passed declaring a recess in all courts for two days. The following committee was appointed to draft a suitable memorial on Judge Dorsey: H. C. Peoples, Alex. C. King, Colonel P. H. Brewster, Judge T. F. Westmoreland and Burton Smith.

Organized Charities.

Macon, Ga., February 4.—(Special.)—A largely attended meeting of ladies at the Lanier hotel this afternoon marked the beginning of a movement to bring more funds into the hands of the organized charities of the city. A call was made and to this a number of the most prominent women of the community responded.

A GOOD THING

Sure to Win When People Know It.

The marvelous growth of the sale of Postum is principally due to the fact that when a man or woman learns that coffee is hurting them and that there's relief by changing to Postum, they are pretty sure to find out for themselves by trial.

"For six or eight years I had suffered from indigestion," writes a Va. lady, "until I was nothing but skin and bones. I tried nearly every patent medicine for stomach trouble, and several physicians, but without relief."

"Two years ago, I was nervous and weak when my last boy came, and couldn't nurse him one day and had an attack of bilious colic one day and could taste nothing but coffee. I told my husband I would not drink any more coffee as I believed it caused my troubles."

"Having heard a lot about Postum I had him get some. I did not like it at first, but when we boiled it thoroughly according to directions on the pkg. I liked it, felt better, and the baby was better, too."

"At that time my husband was a slave to coffee, he had his coffee and I had Postum. One night he thought he was dying. I had had those attacks and told him he was only nervous from drinking coffee for supper."

"The next morning he told the cook not to make coffee, he would try Postum. When he came home that afternoon, he still wanted Postum, said he felt better than for a long time, and that night he rested better than for a good many nights."

"From that day till this he has been a Postum drinker and has better health than for years. I used to weigh 120 lbs. when I began to use Postum, now I weigh 150. All my children drink Postum and are healthy."

"Our grocer did not handle Postum but he got it for us. As our friends saw the good it had done us, they began to drink Postum, and now our grocer says he can hardly keep enough on hand."

"It is hard to down a good thing when the people find it out. I would not be without Postum for anything in reason."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville" in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

HOME MISSIONS CAMPAIGN CLOSES

Dr. Strong's Address Warmly Appreciated.

Closing Meeting Was Held Last Night—Several Prominent Speakers Talked and Large Crowd Was Present.

The publicity campaign for home missions, started Wednesday afternoon at the Central Presbyterian church, was brought to a close last night. That an unusual interest was aroused among the Christian people of Atlanta in the work of missions was shown by the large audiences at every session, and the close and earnest attention accorded the distinguished speakers.

The third session of the campaign began at 2:30 o'clock yesterday afternoon, and was presided over by F. L. Seely. The first speaker was Rev. John E. White, pastor of the Second Baptist church, who had as his subject "The Backward People." He was followed by Rev. Ward Platt, of Philadelphia, assistant secretary of home missions of the Methodist Episcopal church, with an address on the subject, "Our Expanding Frontiers."

The closing session last night was attended by one of the largest congregations that ever filled the Central church. Asa G. Candler presided. The principal feature was the magnificent address made by Dr. Josiah Strong, of New York city, the well-known author and mission worker. His subject, "America—God's Laboratory for the World," was handled in a masterful and scholarly manner, and his hearers were deeply impressed. Dr. Strong was preceded with an address by J. Ernest McAfee, of New York, associate secretary of the board of home missions of the Presbyterian church. His subject was "The Church and Its Resources—The Men and the Means." Devotions were conducted by Dr. W. L. Lingle, of the First Presbyterian church, and music was furnished by the Piedmont male quartet.

One of the distinguished speakers of the campaign was Governor R. B. Glenn of North Carolina, whose address on Wednesday night made a profound impression. Governor Glenn has consented to address a home mission rally in the Presbyterian church at Decatur, Ga., this evening at 7:30 o'clock. Many Atlanta people have planned to hear the distinguished North Carolinian a second time.

MARIETTA CORPORATION DECLARED BANKRUPT

Georgia Manufacturing and Public Service Company So Adjudged.

In the United States court yesterday Judge Newman handed down a decision in the Georgia Manufacturing and Public Service Company, a corporation located in Marietta, which supplies that city with water and lights, in which the company was declared a bankrupt. The corporation was one of a million dollars and was widely known throughout the state as the owner of a large paper mill. On August 1 last an involuntary petition in bankruptcy was filed with the clerk of the United States court against the company, and James T. Anderson, of Marietta, was named as receiver, his bond being fixed at \$25,000. Ten days after the filing of the involuntary petition the Georgia Manufacturing and Public Service Company presented a demurrer thereto, and on the 24th of the same month both petition and demurrer were sent to George D. Anderson as special master in the case. The special master, on December 10 last, filed his report.

Yesterday morning, after Judge Newman rendered his decision, Receiver Anderson presented a paper, showing a contention between the corporation and Marietta, touching the payment of taxes by the company and an account owed by the city to the company. It is shown that the company owes the city taxes amounting to \$713.35, while the city owes the company \$400.65 for electric lights. The city refuses to pay its bill until the company has paid the taxes demanded. Judge Newman entered an order to the receiver to pay the difference in the amounts to the city.

The assets of the company as shown by the report of the receiver are \$1,316,430.11, while its liabilities are put down at \$1,495,876.51.

A few days ago Judge Guber and Representative Moss, of Marietta, filed a paper, asking the court to investigate the company's affairs and to report to the state court for adjudication.

NOMINEES FOR BENCH FEELING THE PROBE

Several Judgeship Appointments Held Up by the Senate.

Washington, February 4.—Several United States district judgeship appointments, which have been sent to the senate by President Roosevelt, are being held up on charges of various kinds and three of the cases are being investigated by subcommittees of the senate committee on judiciary.

In addition to the case of Oscar R. Hundley, for the northern district of Alabama, which has been before the senate for three years, investigations have been started of charges filed against Royal A. Gunnison, for the district of Alaska, and Herbert F. Seawell, for the eastern district of North Carolina.

No evidence has yet been submitted in the Seawell case.

KEELY'S

LEG OF DEAD MAN IS GRAFTED TO BODY OF LIVING SUFFERER

Washington, February 4.—Doctors at the Georgetown University hospital witnessed a remarkable operation performed there several days ago by Dr. George Tully Vaughan, of this city, on George A. Kelly, aged 29. The bones of Kelly's knee were so badly depressed that Dr. Vaughan decided on amputation. In the hospital was a man about to die. Dr. Vaughan obtained permission from the dying patient's family to remove the left leg in the event of death, and it was decided that the knee of the dead man should be grafted to the leg of the living sufferer. The transfer was duly made. The bones were riveted together by solder, strong wire and the delicate phase of the operation, that of joining the ligaments, caused the surgeons to work as they probably never labored before. Every tissue, tendon and muscle was joined and the bones fastened together. Kelly is said to be improving rapidly.

LOST STEAMER LOCATED.

The Munin Had Been Whistling for Pilot for Four Days.

Darien, Ga., February 4.—(Special.)—News has just reached here that the steamer Munin, reported lost at sea, has been anchored off Doboy bar since Monday night, blowing for a pilot all the time.

The steamer should have entered at Sapelo bar instead of Doboy, and pilots have been looking for her since Saturday off Sapelo.

BILL PASSED OVER VETO.

Manufacture of Liquor in Tennessee Ends on January 1.

Nashville, Tenn., February 4.—The bill prohibiting the manufacture of intoxicating liquors in this state came up in the house today for passage over the governor's veto. The veto message was read, after which discussion of the matter was begun. The bill was passed over the governor's veto by a vote of 59 to 37. The law goes into effect January 1, 1910.

Liquor Law Ruling.

Montgomery, Ala., February 4.—(Special.)—George Hallmark is said to have indicated to a man at St. Paul where he could get some liquor and his court found him. He appealed to the supreme court on the ground that it was not his liquor and the justice sustained him, holding that there was nothing to show that he had any interest in the liquor. In the case of Herlin, from the Jefferson probate court, it is again held that money from insurance policies cannot be applied to a man's debts.

Mines Open Again.

Birmingham, Ala., February 4.—No. 8 slope of the Birmingham Coal and Iron Company's mines at Short Creek, where an explosion Tuesday killed eighteen men, resumed operations today. State Mine Inspector Pugh will submit a report to the governor on the accident by the end of the week.

WHEAT ADVANCED

EARLY IN SESSION

But in the Last Hour Lost the Gain Made and Closed Steady.

Chicago, February 4.—Although bullish sentiment was again rampant in the wheat pit early in the session today, the market lost much of its snap during the final hour and closed about steady, with prices a shade lower to 1-8-1-4 higher compared with final quotations on the previous session. Corn and clover closed easy, and provisions weak.

The feature of trade in the wheat pit was the active buying by a leading elevator interest during the first hour of the day. This demand brought out free covering by shorts, which caused prices to advance to the highest point reached since the first part of last December, when they delivered touched \$1.11. The high point today was recorded at \$1.10 3-8. During the last half of the day there seemed to be considerable inclination on the part of the leading buyers to take profits, and this caused a considerable fall. News of the day was again of a bullish character. Cables were strong, cash demand in this country was again brisk, heavy sales of flour were reported at Minneapolis, and a cablegram from Rosario claimed that the Argentine crop of wheat had been greatly overestimated. One of the leading local millers reported sales of flour yesterday to points in Louisiana, North Carolina and West Virginia, which is all new territory for this market. After ranging between \$1.09 1-2 and \$1.10 3-8, the May delivery closed at \$1.09 7-8. Final quotations on July were at \$1.12 1-2 and \$1.13 1-2.

The bulk of the wheat created moderate firmness in the corn market early in the day. The market closed easy, with prices 1-4 to 1-8-1-4 lower than the previous close. May closed at 63 3-4. Trade in the oats pit was extremely light all day, and the market was rather weak the entire session. A slack demand from eastern shippers was largely responsible for the weakness, although talk of Argentine oats being imported to this country had some effect. At the close prices were a shade to 1-8-1-4 lower, with May at 52c and July at 46 1-2 to 46 5-8.

Profit-taking sales by leading long and some selling by local packers caused weakness in provisions. The close was 5-16 to 1-2 to 1-2 to 1-2 lower.

SHORT ITEMS OF INTEREST

J. O. OWENS, OF ATLANTA, WHO HAS BEEN absent from the city for some time, was advised by wire yesterday while he was in Savannah of the passing of his daughter, Mrs. T. C. Bishop, of 149 Alexander street, and asking him to come to Atlanta at once. Mr. Owens left for Atlanta on the next train, but when he arrived this morning he found his daughter dead, death having come as he was near his home. Mrs. Bishop was the wife of a well-known engineer in the Western and Atlantic yards.

CAMP TIGER ANDERSON, UNITED CONFEDERATE VETERANS, held an enthusiastic meeting in Judge S. H. Landrum's court room last Tuesday night. Judge Landrum presided as commander of the camp. A fine band of music, the "Levee of Camp," 159, T. C. V., on the subject, "The Southern Woman," and recitations were heard from a number of talented young women. Many ladies were present. The assembled company were looking for a system supper, but were disappointed. Judge Landrum says it will be forthcoming the next time.

HARRY MCKENZIE, 45 YEARS OF AGE, the acknowledged King Sing prisoner of twenty-two years, has been in Columbus, Mo., for some time. He has been received over the phone by Secretary Joseph C. Logan, of the Associated Charities, and it is stated that McKenzie is employed in the same capacity as when in Atlanta. A short time ago McKenzie applied to the local charities for assistance, stating that he was a fugitive and had served a long sentence in Sing Sing. He also appeared before Mayor Maddox and made the statement that he was a fugitive and had served a long sentence in Sing Sing. He was virtually outlawed because of his former misfortune and could not obtain work. Secretary Logan says he believes McKenzie to be a dope fiend and that he is more anxious to work charitable institutions than to be released. He has been employed regularly in Durham, N. C., is false.

FIVE DOLLARS AND THE COURT COSTS was the fine assessed J. B. Thompson, owner of the "Lumber" theater on Decatur street, who was tried yesterday afternoon for the offense of having struck A. Landreger, owner of the New York City Moving Company, with a cigar cutter in retaliation for remarks made to him by the man he hit. The difficulty between the two men occurred in the Kimball house. Thompson said Landreger charged him with setting fire to his own theater. His statement was borne out by an eye-witness, Landreger, who received a severe blow on the head as a result of the kick. He did not appear in court and it was stated that he had departed for New York.

AN ENTERTAINMENT FOR THE BENEFIT of the Lutheran church will be given tonight at 7:30 o'clock at 241 North Jackson street. An attractive program of songs, plays, and several different articles will be placed on sale. For the children the popular fish and candy social will be given. A musical program of value will be raffied. A musical program is announced and refreshments will be served. Those in charge have extended a cordial invitation to the public to attend.

THE FRIENDS OF MINA JACKSON, THE 14-year-old daughter of H. H. Jackson, who was killed by a train on the Atlanta and West Point road, are planning to have a musical program for the benefit of the children of the family. The program will be given at the Kimball house on Wednesday night. The friends of the family are planning to have a musical program for the benefit of the children of the family.

J. H. HAGGARD IS DESPERATELY ILL at the home of his wife's father in the country near Atlanta. He has been ailing recently sustained by him. He is in a dangerous condition and late last night much speculation was felt as to his recovery.

STRICT MEASURES WERE ADOPTED yesterday afternoon, shortly before 8 o'clock by Mrs. W. W. Stowell, of 423 South Pryor street, for the suppression of thefts from her residence. For when two young negro boys came to her back porch for her quilt of milk just left by the milk man, she fired three shots in quick succession after them and gave them a bad fright. On Wednesday evening, about the same time, two negro striplings slipped up to the rear door and removed the full bottle of milk. Mrs. Stowell kept her powder but declared that the occurrence should not be repeated.

Texas Issues Requisition for an Oklahoma Official.

Austin, Texas, February 4.—On the application of District Attorney George H. Thurnmond, of Maverick county, Governor Campbell has issued a requisition on the governor of Oklahoma for the extradition of W. L. Chapman, secretary of the corporation commission of Oklahoma; A. L. Brown and L. C. Grimes, who are now in Oklahoma, and wanted in Maverick county, Texas, to answer to indictments charging them with uttering forged checks on the First National bank of Eagle Pass. These indictments grow out of certain alleged land transactions of Chapman and the other two in connection with the allotment of the federal government of land to the Kickapoo Indians.

Montgomery, Ala., February 4.—The action of the judge of the county court at Cullman in dismissing cases against a number of liquor sellers, by no means, is sustained by the supreme court on the ground that the only man who can get the cases restored to the docket is the attorney general, who has a right to proceed by mandamus. There are 220 indictments which the judge dismissed on the ground that the law, since declared to be good, was unconstitutional.
